I also created a website that students could use while working in their groups to prepare for the mock trial.

Incident Description 000000

Details of Incident:

On January 1, 2020, at 10:00 AM, Officer 12345 was on patrol in the area of 12345 Main St. and 5678 Elm St. The officer observed a small, yellow, two-story building with a thatched roof, which appeared to be a house. The building was located in a wooded area, and there were several trees and bushes around it. The officer noticed that the building was not on any of the maps or records that he had access to. He decided to investigate further and called for backup. The backup arrived at 10:15 AM, and they searched the area. They found a small, white, rectangular object on the ground near the building. The object was about 1 foot long and 6 inches wide. It had a small, black, rectangular mark on one end. The object was made of a material that looked like wood or plastic. The officer took the object to the police station and gave it to the evidence room. The object was later identified as a small, white, rectangular object with a black mark. The officer wrote a report about the incident and gave it to the sergeant. The sergeant reviewed the report and decided to file it. The officer was praised for his quick thinking and for finding the object. The incident was closed on January 2, 2020.
