Mockingjay Book Club Discussion Guide:

A Brief Guide To The Hunger Games Brian J. Robb, 2014-08-21 A comprehensive and compelling guide to Suzanne Collins's bestselling young adult dystopian trilogy *The Hunger Games* *Catching Fire* and *Mockingjay*. Already a publishing phenomenon to rival *Harry Potter* over 50 million copies sold, the four blockbuster movies starring Jennifer Lawrence have grossed almost 3 billion dollars at the box office. Suzanne Collins has created a series of characters and situations that have struck a chord not only with the target audience of teenagers but which have also drawn in adult readers; the series is second only to *Harry Potter* in NPR's popular poll of the Top 100 Teen Novels. Robb explores themes in *The Hunger Games* and the influences and inspirations that lie behind the books, highlighting where Suzanne Collins has drawn on mythology and history, reshaping them to fit her universe. He examines the characters and situations created in the book and how these have impacted on the books' largely teen readership. He also looks at reactions to the books from fans and critics, both acclaim and criticisms faced by the author. Robb chronicles the adaptation of *The Hunger Games* from acclaimed best-selling novel to blockbusting film. With a script by Suzanne Collins herself, the film has made stars of Jennifer Lawrence as Collins' heroine Katniss Everdeen, Josh Hutcherson as Peeta Mellark, and Liam Hemsworth as Gale Hawthorne. **Teaching to Exceed in the English Language Arts** Richard Beach, Ashley S. Boyd, Allen Webb, Amanda Haertling Thein, 2022-07-21 Timely, thoughtful, and comprehensive, this text directly supports pre-service and in-service teachers in developing curriculum and instruction that both addresses and exceeds the requirements of English language arts standards. It demonstrates how the Common Core State Standards as well as other local and national standards' highest and best intentions for student success can be implemented from a critical, culturally relevant perspective, firmly grounded in current literacy learning theory and research. The third edition frames ELA instruction around adopting a justice inquiry and action approach that supports students in their schools and community contexts. Offering new ways to respond to current issues and events, the text provides specific examples of teachers employing the justice inquiry and action curriculum framework to promote critical engagement and learning. Chapters cover common problems and challenges, alternative models and theories of language arts teaching. The framework knowledge and guidance in this book shows how ELA standards can not only be addressed but also surpassed through engaging instruction to foster truly diverse and inclusive classrooms. The third edition provides new material on adopting a justice inquiry and action approach to enhance student engagement and critical thinking, planning instruction to effectively implement standards in the classroom, teaching literary and informational texts with a focus on authors of color, integrating drama activities into literature teaching, informational, explanatory, argumentative, and narrative writing, supporting bilingual ELL students using digital tools and apps to respond to and create digital texts, addressing how larger contextual and political factors shape instruction, fostering preservice teacher development. **Teaching Children's Literature** Christine H. Leland, Mitzi Lewison, Jerome C. Harste, 2017-11-03 Inviting multiple ways of critically engaging with

literature this text offers a fresh perspective on how to integrate children's literature into and across the curriculum in effective purposeful ways. Structured around three mantras that build on each other: Enjoy, Dig deeply, Take action, the book is rich with real examples of teachers implementing critical pedagogy. The materials and practical strategies focus on issues that impact children's lives, building from students' personal experiences and cultural knowledge to using language to question the everyday world, analyze popular culture and media, understand how power relationships are socially constructed, and consider actions that can be taken to promote social justice. Written for teachers and teacher educators, each chapter opens with three elements that are closely linked: classroom vignettes showcasing the use of literature and inviting conversation, three key principles elaborating the main theme of the chapter and connecting theory with practice, and related research on the topics and their importance for curriculum. Other chapter features include key issues in implementation, suggestions for working with linguistically and culturally diverse students, alternative approaches to assessment, and suggestions for further reading. A companion website to enrich and extend the text includes an annotated bibliography of literature selections, suggested text sets, resources by chapter, and ideas for professional development.

Changes in the Second Edition: Voices from the Field vignettes include examples from inspiring educators who use trade books to promote critical thinking and diversity. Updated chapters include information on new technology and electronic resources. New references in the principles sections and new resources for further study. New children's books added throughout the chapters as well as to the companion website.
