

Lab 22 Models Molecular Compounds Answers

Following their arrival back at work, the participants were informed that they had been given the following information: "While we did not have direct knowledge of your specific alcohol use history, our biometric data showed your alcohol use was excessive. Based on our understanding, we decided to temporarily put you on the sidelines. When you return, we would like to conduct a confidential assessment of your use. As part of that system, an anonymous peer support resource will be made available."

It is not clear how the authors will attempt to address the above-mentioned issues. The authors state that they will attempt to address the above-mentioned issues by using a series of sensitivity analyses. However, it is not clear what specific sensitivity analyses will be conducted, and it is not clear how the results of these analyses will be interpreted.
