Oosten,2019-09-19 Over the century between the first Oblate mission to the Canadian central Arctic in 1867 and the radical shifts brought about by Vatican II the region was the site of complex interactions between Inuit Oblate missionaries and Grey Nuns interactions that have not yet received the attention they deserve Enriching archival sources with oral testimony Fr d ric Laugrand and Jarich Oosten provide an in depth analysis of conversion medical care education and vocation in the Keewatin region of the Northwest Territories They show that while Christianity was adopted by the Inuit and major transformations occurred the Oblates and the Grey Nuns did not eradicate the old traditions or assimilate the Inuit who were caught up in a process they could not yet fully understand The study begins with the first contact Inuit had with Christianity in the Keewatin region and ends in the mid 1960s when an Inuk woman joined the Grey Nuns and two Inuit brothers became Oblate missionaries Bringing together many different voices perspectives and experiences and emphasizing the value of multivocality in understanding this complex period of Inuit history Inuit Oblate Missionaries and Grey Nuns in the Keewatin 1865 1965 highlights the subtle nuances of a long and complex interaction showing how salvation and suffering were intertwined

The Autobiography Effect Dennis Schep,2019-07-24 Since the advent of post structuralism various authors have problematized the modern conception of autobiography by questioning the status of authorship and interrogating the relation between language and reality Yet even after making autobiography into a theoretical problem many of these authors ended up writing about themselves This paradox stands at the center of this wide ranging study of the form and function of autobiography in the work of authors who have distanced themselves from its modern instantiation Discussing Roland Barthes Jacques Derrida H l ne Cixous and others this book grapples with the question of what it means to write the self when the self is understood as an effect of writing Combining close reading intellectual history and literary theory The Autobiography Effect traces how precisely its theoretically problematic nature made autobiography into a central scene for the negotiation of philosophical positions and anxieties after structuralism
