PAGE 3 AND 4

Section 7 of the crash report must be completed for every driver, vehicle, vehicle owner, and occupant involved in the accident. If your crash included more than two of those units, additional pages should accompany your report. The codes used in Section 7 and its sub-sections are defined at the top of Page 5 in Section 8.

Details about the driver are located in sub-section 7A, including the driver's name and contact information; license type and status; seat location; injury severity; and insurance details.

In the box for sub-section 7B you will find information about the vehicle such as the year, make, model, and type; the name and contact information of the legal owner (SAD = Same as Driver); number of occupants; a description of the vehicle damage; and the traffic conditions when the accident occurred.

Sub-section 7C uses codes to provide a description of the vehicle's sequence of actions immediately before the crash occurred. If the collision involved an animal or fixed object (e.g., trees, pole, fence, etc.) it will be noted here. The investigating officer will also indicate if he or she suspects the driver of the vehicle was under the influence of alcohol.

The name, contact information, and injury status of the vehicle's occupants can be found in sub-section 7F.
