Members Only ,2015      **Members Only** Julie Tibbott,2019-08-01 Throughout human history people have banded together to pass on traditions climb the social ladder and often just have a good time And sometimes keeping other people out is part of the fun Every hot club needs a velvet rope after all But some of these groups have proved so exclusive and secretive that we on the outside can't resist some speculation Wouldn't you like to know what they're really up to No need for secret handshakes or passwords Members Only is your all access guide to the secret societies clandestine cults and exclusive associations that you've always wondered about      The People Behind Cult Murders Pete Schauer,2016-07-15 High school psychology students will read about what motivates the criminals behind cult murders After introducing the wide range of cults that exist in the world this book focuses on those cults that often feature violence abuse ritual death and mass murder Religious doomsday and terrorist cults are just some of the cults covered in this detailed book Historical accounts of cult murders are followed by descriptions of the psychology of the minds of cult leaders and followers      **Legends & Lore of New Brunswick** Mark Neurohr-Pierpaoli,2024-10-07 Folktales hidden treasures and witchcraft The towering skyline of New Brunswick stands in stark contrast with the swampy cedar forest it emerged from in the late 1600s While the city grew over the original Lenape settlement of Ahanderamock its history was passed on through whispers of tales both real and imagined In the Buccleuch Mansion a skeletal figure dressed as a British Grenadier is said to stagger the halls with a lantern and at Rutgers University tales of secret societies swirl through campus Long lost pirate treasures some rumored to be connected to mysterious clues etched in stone remain undiscovered to this day Author Mark Neurohr Pierpaoli uncovers the mysterious stories lurking below the surface of New Brunswick      Displacement and the Politics of Violence in Nigeria Paul Lovejoy,Tokunbo Williams,2021-11-01 This volume examines the political stalemate that has engulfed Nigeria in the 1990s The annulment of the 1993 elections stopped the transition to civilian rule which had begun in 1987 In re-establishing its rule the military relied increasingly on repressive measures As rival elites have struggled to control the economy the level of violence and general insecurity has increased Often contending forces are perceived in religious terms with the result that secular strife has become pronounced The military government has thereby been able to manipulate the complexities of religious class and ethnic factors for its own purposes with the result that increasing numbers of Nigerians have left the country      Beijing Review ,1999      **China's Cultural Heritage** Richard J Smith,1983 Concentrating on the literature customs ideas and the arts this is almost exclusively a cultural history of China during the Ching dynasty      The Alliance Weekly ,1940      The World's Most Dangerous Secret Societies James Jackson,2015-03 To some the name secret society conjures up an image of a shadowy and elite cabal meeting behind smoke filled rooms discussing tactics of world domination and manipulation straight out of the most far fetched espionage thriller To others the image of secluded men and occasionally women banding together in exotic garb to perform colorful ceremonies and impart hidden knowledge and fancy

but incomprehensible titles upon one another springs to mind But just how far fetched and fanciful is the prospect of a secret society Could it be that there walks among us in any given echelon of the population groups given to exercise inordinate amounts of power and influence over the rest of us Could these exotic members only clubs really pose such an immediate threat to our well being that our very way of life is endangered Well quite frankly the disturbing answer to those particular questions are yes and yes Right in our midst there absolutely exists clandestine organizations consisting of both men and women who wield a dangerous amount of influence and power over the entire world populace In his book entitled *The World's Most Dangerous Secret Societies* author James Jackson explores these dangerous secret organizations and its members their beliefs hidden agenda and their ultimate goal of a New World Order and world domination Here are a few of some of the dangerous secret societies that will be thoroughly examined The Freemasons The Illuminati Skull And Bones The Bilderberg Group Council on Foreign Relations The Trilateral Commission The Society of Jesuits The Committee of 300 The Knights Templar And Much Much More Encyclopedia of World Problems and Human Potential Union of International Associations,1994 *A History of Secret Societies* Arkon Daraul,1961 Almost every social system throughout history has produced its secret societies Here is a unique study of such societies from earliest recorded times to the present along with an analysis of their forms rituals and beliefs The author has traveled extensively to gather documentation The Charcoal Burners of Italy the Castrators of Russia the Old Man of the Mountains and the Gnostics are but a few of the many described

the hardcore The fiercely devoted The stringently religious Unmoving distant and utterly compelling In an age when the Vatican is reaching out to many millions of people worldwide Opus Dei seems to be shrouded in secrecy a secret sect that adheres to the ancient practices of Christianity Perhaps because of this adherence to the older models of Christianity the group has come to represent the most devoted and most controversial of all Catholic arms Its practices are said to include ancient languages self flagellation corporal mortification aggressive recruiting controlling the free will of members cult like behavior misogynistic policies support of fascists and many more secrets hidden away within the organization s walls In this book we will attempt to look deeply into the hidden history of Catholicism s most radical and divisive sect Using ancient texts accounts of former members extensive research and secret documents we will discover the truth behind Opus Dei If you would like to learn more about this zealous sometimes terrifying organization then read on For the truth behind Catholicism s secret sect this book is all you will ever need Let s get started Scroll back up and order your copy today **A Brief History**

**Secret societies and crazy cults** Jonathan J. Moore,2018 Secret Societies and Crazy Cults takes readers on a dark journey into the mysterious worlds of some of history s most dangerous and secretive groups From religious sects eagerly awaiting the end of the world to modern day criminal organizations living outside the law this book sheds some light on the groups who don t want to be seen **Beware of Religious Cults and Secret Societies** Mbu Walters,1995 *Secret Societies* Milton William Cooper,2013-09-20 History is replete with whispers of secret societies Accounts of elders or priests who guarded the forbidden knowledge of ancient peoples Prominent men meeting in secret who directed the course of civilization are recorded in the writings of all people The oldest is the Brotherhood of the Snake also called the Brotherhood of the Dragon and it still exists under many different names It is clear that religion has always played a significant role in the course of these organizations Communication with a higher source often divine is a familiar claim in all but a few The secrets of these groups are thought to be so profound that only a chosen well educated few are able to understand and use them These men use their special knowledge for the benefit of all mankind At least that is what they claim How are we to know since their knowledge and actions have been secret Fortunately some of it has become public knowledge I found it intriguing that in most if not all primitive tribal societies all of the adults are members They are usually separated into male and female groups The male usually dominates the culture Surprisingly this exactly resembles many civilized secret societies This can only mean that the society is working not against established authority but for it In fact could be said to actually be the established authority This would tend to remove the validity of any argument that all secret associations are dedicated to the destruction of properly constituted authority This can only apply of course where the secret society makes up the majority or entirety of any people which it affects Only a very few fall into this category Secret societies in fact mirror many facets of

ordinary life There is always an exclusivity of membership with the resultant importance attached to being or becoming a member This is found in all human endeavors even those which are not secret such as football teams or country clubs This exclusivity of membership is actually one of the secret societies most powerful weapons There is the use of signs passwords and other tools These have always performed valuable functions in man s organizations everywhere The stated reason almost always different from the real reason for the societies existence is important      **Secret Societies: a Sinister Agenda**
