landmark Supreme Court case that struck down a law that banned legally married gay and lesbian couples from receiving federal benefits Becker weaves together the political and legal forces that reshaped a nation Forcing the Spring begins with California s controversial ballot initiative Proposition 8 which banned gay men and lesbians from marrying the person they loved This electoral defeat galvanized an improbable alliance of opponents to the ban with political operatives and Hollywood royalty enlisting attorneys Ted Olson and David Boies the opposing counsels in the Supreme Court s Bush v Gore case to join together in a unique bipartisan challenge to the political status quo Despite initial opposition from the gay rights establishment the case against Proposition 8 would ultimately force the issue of marriage equality all the way to the Supreme Court transforming same sex marriage from a partisan issue into a modern crisis of civil rights Shuttling between the twin American power centers of Hollywood and Washington and based on access to all the key players in the Justice Department and the White House Becker offers insider coverage on the true story of how President Obama evolved to embrace marriage equality What starts out as a tale of an epic legal battle grows into the story of the evolution of a country Becker shows how the country reexamined its opinions on same sex marriage an issue that raced along with a snowballing velocity which astounded veteran political operatives Here is the ringside account of this unprecedented change the fastest shift in public opinion ever seen in modern American politics Clear eyed and even handed Forcing the Spring is political and legal journalism at its finest offering an unvarnished perspective on the extraordinary transformation of America and an inside look into the fight to win the rights of marriage and full citizenship for all
