Subjects' beliefs about the relationship of Jefferson's and King's words to their own beliefs were measured by asking them to indicate how much they agreed or disagreed with statements such as "Jefferson's and King's words are very similar" and "King's and Jefferson's words are very different." The results of these analyses are shown in Table 2. The results show that subjects who agreed with the statement "Jefferson's and King's words are very similar" also agreed with the statement "Jefferson's and King's words are very different."
