The Visual Language, Concepts and Costumes in Egyptian Monumental Films

Marie Elisabeth Habicht,Michael E. Habicht,2022-11-22 Monumental films strongly shape our image of the ancient world today Shortly after the emergence of cinematic art Ancient Egypt also became the subject of cinematic works As with the Roman film the decisive story plots and motifs were still being developed in the silent film era and have had a significant influence on subsequent generations of films The book examines the visual language plot concepts and costumes of the most expensive film genre An extensive list of films is analysed and related to contemporary findings on the dress and jewellery of Ancient Egypt **We Shall Be Masters** Chris Miller,2021-06-08 Generations of Russians have pursued wealth and power in the East colonizing Pacific regions and spreading political influence into Asia Why have these efforts largely failed Chris Miller argues that Russian citizens and leaders concentrated in the European borderlands have always struggled to maintain faith and interest in eastward expansion Patriot Dreams David J. connected to the relationship between the two halves of the couple that is extremely powerful and painful Instead of clinical cases Rossella Valdr examines four contemporary and widely successful novels published contemporaneously which capture perfectly this type of psychopathological universe Valdr then maps out psychoanalytic hypotheses regarding the persistency of these malicious intimacies Through analysis of these examples Valdr investigates the roots and hypotheses of a new scenario on victim executioner roles played out in the intimacy of the couple Exploring how and if the contemporary couple is undergoing profound changes she provides an overview of the various deep seated psychological mechanisms and unconscious dynamics that may be at work The book explores the need to not be dependant upon a love object as an extreme defence against abandonment or self collapse Valdr argues that such a configuration is very common and that Idealization in contemporary life is one of the reasons behind the most of sufferance in modern couples something which psychoanalysis can examine through art Women perhaps after emancipation are living overturned roles and paying a higher cost as a result Psychoanalytic Perspectives on Women and Power in Contemporary Fiction will appeal to psychoanalysts and psychoanalytic psychotherapists and be of interest to scholars and students of literature gender studies philosophy and sociology
