EJEL Volume 8 Issue 2 , Adult and Continuing Education: Concepts, Methodologies, Tools, and Applications Management Association, Information Resources,2014-03-31 Beyond the undergraduate and graduate levels education has traditionally ceased when students enter the workforce as professionals in their respective fields However recent trends in education have found that adult students beyond the traditional university age often benefit greatly from returning to further their education Adult and Continuing Education Concepts Methodologies Tools and Applications investigates some of the most promising trends in furthering education and professional development in a variety of settings and industries With an extensive array of chapters on topics ranging from non traditional students to online and distance education for adult learners this multi volume reference book will provide students educators and industry professionals with the tools necessary to make the most of their return to the classroom *Technology in Mathematics Education: Contemporary Issues* Dragana Martinovic,Douglas McDougall,Zerkeriya Karadag,2012 *Digital Libraries: Universal and Ubiquitous Access to Information* George Buchanan,Masood Masoodian,Sally Jo Cunningham,2008-11-14 This book constitutes the refereed proceedings of the 11th International Conference on Asian Digital Libraries ICADL 2008 held in Bali Indonesia in December 2008 The objective of this conference series is to provide a forum for presentation of high quality research in the field of digital libraries ICADL 2008 provided an opportunity for digital libraries researchers and practitioners in the Asia Pacific area and beyond to gather to explore ideas exchange and share experiences and further build the research network in this region ICADL 2008 was a truly international event with presenters from 21 countries A total of 63 papers were accepted for inclusion in the proceedings 30 full papers 20 short papers and extended abstracts of 13 posters Submissions were subject to a rigorous blind peer review process The research topics cover the spectrum of digital libraries including multimedia digital libraries usability and evaluation information retrieval ontologies social tagging metadata issues multi and cross language retrieval digital preservation scholarly publishing and communities and more Additionally three tutorials were offered in association with the conference by Andreas Rauber Vienna University of Technology David Bainbridge University of Waikato and George Buchanan Swansea University **PC Mag** ,2008-12 PCMag.com is a leading authority on technology delivering Labs based independent reviews of the latest products and services Our expert industry analysis and practical solutions help you make better buying decisions and get more from technology **Social and Organizational Impacts of Emerging Mobile Devices: Evaluating Use** Lumsden, Joanna,2012-02-29 This book focuses on human computer interaction related to the innovation and research in the design evaluation and use of innovative handheld mobile and wearable technologies in order to broaden the overall body of knowledge regarding such issue Provided by publisher **Ads to Icons** Paul Springer,2009-08-03 The second edition of Ads to Icons examines current and future trends in advertising Through 50 updated international case studies of new and iconic advertising campaigns author Paul

Springer identifies why they were successful and analyses their contribution to the continued development of advertising. New digital formats analysed include Google's AdSense and AdWords which reworked their search facility as a revenue generating advertising service. The growing potential of the Internet as an advertising vehicle is illustrated. This updated new edition includes an online campaign entitled Non Stop Fernando, a campaign that exploits the potential of online film. It also features the new Nike case study which details Nike's third party association with Apple iPod through Nike and brought together Apple's digital know how and music expertise with Nike's industry sector experience. The author shows how traditional media have been revitalised by the adoption of revolutionary approaches to their use making the resulting adverts more creative and impactful than before. Other campaigns have extended beyond conventional formats including the first personal SMS text messaging campaign for Cadbury chocolate and Levi's creation of a brand character Flat Eric to drive viral communication before the television commercials aired. Finally the impact on the structure of agencies and job functions is discussed illustrated by profiles of industry professionals.

Deitel, Abbey Deitel, 2014-12-15 The professional programmer's Deitel guide to iPhone and iPad app development using iOS 8 Swift™, Xcode 6 and Cocoa Touch. This book presents leading edge computing technologies for professional software developers. At the heart of the book is the Deitel app driven approach, a variant of Deitel's live code approach. Concepts are presented in the context of complete working iOS apps rather than using code snippets. The introduction and app test drives at the beginning of each chapter show one or more sample executions. The book's source code is available at www.deitel.com/books/iOS8FP1. You'll quickly learn everything you need to start building iOS 8 apps beginning with a test drive of the Tip Calculator app in Chapter 1 then building your first apps in Chapter 2 with visual programming and in Chapter 3 with Swift. By the time you reach Chapter 9 you'll be ready to create your own apps for submission to the App Store. We'll overview the submission process including uploading your apps, deciding whether to sell your apps or offer them for free and marketing them using in app advertising, social media, Internet public relations and more.
