their works in order to proceed fruitfully in the direction of their evaluation and explanation To this end it develops a philosophical inquiry that examines the ground zero of the arts their common foundations namely the rules for artistic creation the processes that involve artists in their activities the forms that they can or cannot achieve This proposal and its outline for a rule based ontology of the arts addresses four themes the relationship between human nature and artistic practices the features of art making the conception of artworks as structures and the social nature of the arts *Mental Health, Spirituality, and Religion in the Middle Ages and Early Modern Age* Albrecht Classen, 2014-07-28 This volume continues the critical exploration of fundamental issues in the medieval and early modern world here concerning mental health spirituality melancholy mystical visions medicine and well being The contributors who originally had presented their research at a symposium at The University of Arizona in May 2013 explore a wide range of approaches and materials pertinent to these issues taking us from the early Middle Ages to the eighteenth century capping the volume with some reflections on the relevance of religion today Lapidary sciences matter here as much as medical psychological research combined with literary and art historical approaches The premodern understanding of mental health is not taken as a miraculous panacea for modern problems but the contributors suggest that medieval and early modern writers scientists and artists commanded a considerable amount of arcane sometimes curious and speculative knowledge that promises to be of value and relevance even for us today once again Modern palliative medicine finds for instance intriguing parallels in medieval word magic and the mystical perspectives encapsulated highly productive alternative perceptions of the macrocosm and microcosm that promise to be insightful and important also for the post modern world **Looking at Art**

**Philosophically** Tom Supensky, 2012-08-31 The purpose of this book is to present to the reader a series of philosophical ideas that assist in understanding ones position in the world of art and some thinking on art and creativity intended to awaken the aesthetic aspects of making art There is no intention to review historical philosophical concepts nor is there any specific inclusion of contemporary theories on art philosophy What is included are those philosophies important to the developing artist that are more commonplace in nature often neglected in art education yet vitally necessary to the true artist Finally this book is intended to stimulate the reader into asking such questions as who am I why art and what is art It is hopeful that the reader finds an aesthetic foundation a personal and honest place in the world of art *Observational Filmmaking for Education* Nigel Meager, 2019-02-21 This book places observational filmmaking in the context of the rapidly developing landscape of creativity and arts based research in education The author uses observational filmmaking as a lens to address debates surrounding video based and arts based research Utilising the work of Dewey and Deleuze as the theoretical underpinnings of the volume this is combined with numerous practical examples of observational filmmaking in schools The author argues that observational video camera and editing techniques combine careful observation with rigorous visual analysis they place sensory affectual and aesthetic qualities in experience centre stage While observational filmmaking

in itself has enormous potential as a methodology for education research it may also become a fulcrum for children's learning Children record their experiences in the world around them as they look carefully with a video camera This pioneering yet practical book will be of interest and value to students and scholars of creativity learning and education research methods as well as constituting a useful guide for teachers arts practitioners and education policy makers Creating Meaning Through Literature and the Arts Claudia E. Cornett, 2007 This best selling resource contains proven techniques for integrating literature art music drama and dance into daily classroom instruction Complete with research based examples authentic teacher stories and strategies for integration it addresses INTASC standards assessment and differentiated instruction throughout Discover ten ways to integrate the arts using the Arts Integration Blueprint presented in the book Explore each art form and use the compendium of starter activities presented in Seed chapters to generate sound creative ways to incorporate literature art music drama and dance into K-8 classrooms The Eclectic Magazine of Foreign Literature, Science, and Art, 1893 **Ethics and the Arts** Paul Macneill, 2014-05-12 This book proposes that the highest expression of ethics is an aesthetic It suggests that the quintessential performance of any field of practice is an art that captures an ethic beyond any literal statement of values This is to advocate for a shift in emphasis away from current juridical approaches to ethics ethical codes or regulation toward ethics as an aesthetic practice away from ethics as a minimal requirement toward ethics as an aspiration The book explores the relationship between art and ethics a subject that has fascinated philosophers from ancient Greece to the present It explores this relationship in all the arts literature the visual arts film the performing arts and music It also examines current issues raised by hybrid artists who are working at the ambiguous intersections between art bio art and bioethics and challenging ethical limits in working with living materials In considering these issues the book investigates the potential for art and ethics to be mutually challenged and changed in this meeting The book is aimed at artists and students of the arts who may be interested in approaching ethics and the arts in a new way It is also aimed at students and teachers of ethics and philosophy as well as those working in bioethics and the health professions It will have appeal to the general educated reader as being current of considerable interest and offering a perspective on ethics that goes beyond a professional context to include questions about how one approaches ethics in one's own life and practices
