Fralich,Brian King,2019-01-15 Ce livre s'inscrit dans une longue tradition de réflexion et de critique sur le management stratégique qui a eu cours HEC Montréal Le premier ouvrage a été conçu au début des années 1990 et fut publié en 1996 sous le titre La stratégie des organisations une synthèse La plupart des ouvrages sur la stratégie mettent l'accent sur les outils ou proposent des théories spécifiques promues par les auteurs Ce livre se veut une synthèse Il est basé sur l'idée que la stratégie est un acte créatif Le manager n'a pas besoin de recette mais d'une compréhension du domaine et d'un regard affirmé sur ce que les autres ont inventé Cette synthèse laisse donc la place aux gestionnaires pour l'élaboration d'une stratégie originale Elle vise de leur imposer des schémas utilisés sous des formes séduisantes et trompeuses La gestion stratégique Synthèses et guides pour les managers est un guide et une référence importante pour les dirigeants et les cadres soucieux d'apporter des contributions originales quel que soit leur domaine d'activité Les consultants et conseillers auprès des dirigeants y trouveront aussi les bases nécessaires leurs travaux Cet ouvrage est utile au premier comme au deuxième cycle des études de gestion Gestion du changement : Vers un management polyphonique François Pichault,Erhard Friedberg,Jean-Luc Castro,Françoise Chevalier,2021-06-03 Une approche alternative du changement synthétisant les acquis récents de la discipline et illustrée par de nombreuses études de cas Ce livre clarifie la notion même de changement partir des outils que les sciences de gestion

mettent notre disposition pour décrire les évolutions des organisations leur nature leur ampleur leur temporalité etc Il explique ensuite ces changements en recourant à différentes approches théoriques articulées en un modèle intégré des cinq forces Il propose également partir de l'examen de plusieurs études de cas approfondies une grille multidimensionnelle permettant d'évaluer de manière nuancée un processus de changement ainsi que des hypothèses prédictives permettant d'anticiper le cours Il dégage enfin des pistes d'action concrètes basées sur les différentes approches théoriques abordées précédemment le changement peut être alors vraiment considéré comme un processus géré Il s'adresse aux enseignants et étudiants en Sciences de gestion ainsi qu'aux personnes suivant une formation professionnelle dans ce domaine Il intéressera également toute personne impliquée dans un processus de changement direction générale cadres responsables de projets DRH *Déployer un réseau social d'entreprise* Gilles Balmissse, Denis Meingan, 2015-03-18 Devant l'engouement des réseaux sociaux sur le Web les organisations se sont engagées dans le déploiement des réseaux sociaux d'entreprise RSE Mais elles se sont vite aperçues des limites d'une simple transposition l'identité En effet les RSE sont porteurs d'une dynamique humaine impactant les structures les modes de fonctionnement ainsi que les comportements des collaborateurs Cet ouvrage donne les clés indispensables pour réussir leur mise en œuvre et gérer leur fonctionnement au quotidien Il se fonde sur l'expérience des auteurs et sur une étude menée avec l'EMLYON auprès de 54 organisations françaises et internationales Il offre de nombreux cas concrets et des outils directement applicables par les professionnels **Construire des pratiques de management des ressources humaines durable au Maroc** Driss Ferar, 2016-12-01 Dans une logique de changement permanent le Maroc adopte des réformes structurelles ambitieuses Ces réformes visent à réaliser un management durable des ressources humaines susceptible de répondre aux besoins de performance des entreprises et de bien-être des générations actuelles et futures Basé sur une étude prospective ciblant 45 acteurs experts l'ouvrage tente de répondre la question de savoir comment construire précisément des pratiques de management des ressources humaines durable pour les entreprises marocaines
