MANAGEMENT, SECOND ARAB WORLD EDITION WITH MYMANAGEMENTLAB., 2015. **Global Talent Management** Akram Al

Ariss, 2014-04-28. This book bridges the research and practice of global talent management. It opens important theoretical and practical avenues to understand the concept internationally while focusing on developing and emerging countries. Chapters derive from various geographic regions and embrace cross-national comparative and interdisciplinary perspectives. An open and inclusive approach is used in assessing the challenges of global talent management strategies to overcome these challenges and in charting opportunities for future talent management. These three dimensions are crucial to academic researchers and business practitioners for envisioning a positive future role of talent management in businesses and societies.
