understanding male chastity doesn't have to be complicated or a taboo topic. This book makes it easier than ever to get started on the mesmerizing road to chastity bliss while still keeping your head on straight so that you don't drive yourself or your partner to insanity. Routledge Handbook of Sexuality Studies in East Asia Mark McLelland, Vera Mackie, 2014-09-15 This collection brings together cutting edge work by established and emerging scholars focusing on key societies in the East Asian region: China, Taiwan, Hong Kong, Japan, North and South Korea, Mongolia and Vietnam. This scope enables the collection to reflect on the nature of the transformations in constructions of sexuality in highly developed, developing and emerging societies and economies. Both Japan and China have established traditions of sexuality studies reflecting longstanding indigenous understandings of sex as well as more recent developments which interface with Euro American medical and psychological understandings. Authors reflect upon the complex colonial and economic interactions and cultural flows which have affected the East Asian region over the last two centuries. They trace local flows of ideas instead of defaulting to Euro American paradigms for sexuality studies. Through looking at regional and global exchanges of ideas about sexuality this volume adds considerably to our understanding of the East Asian region and contributes to wider discussions of social transformation, modernisation and globalisation. It will be essential reading in undergraduate and graduate programs in sexuality studies, gender studies, women's studies and masculinity studies as well as in anthropology, sociology, history, cultural studies, area studies and health sciences. *Gender and difference in the Middle Ages* Sharon A. Farmer, Carol Braun Pasternack, Nothing less than a rethinking of what we mean when we talk about men and women of the medieval period, this volume demonstrates how the idea of gender in the Middle Ages no less than now intersected in subtle and complex ways with other categories of difference. Responding to the insights of postcolonial and feminist theory, the authors show that medieval identities emerged through shifting paradigms that fluidity, conflict and contingency characterized not only gender but also sexuality, social status and religion. This view emerges through essays that delve into a wide variety of cultures and draw on a broad range of disciplinary and theoretical approaches. Scholars in the fields of history as well as literary and religious studies consider gendered hierarchies in western, Christian, Jewish, Byzantine and Islamic areas of the medieval world. **Drs. Hannah and Abraham Stone's A Marriage Manual** Hannah Mayer Stone, Abraham Stone, Gloria Stone Aitken, Aquiles J. Sobrero, 1968 *Male Chastity* Lucy Fairbourne, 2007-07 A non-threatening, female friendly introduction to the topic of male chastity ideal for nervous keyholders or as a love offering from a would-be chastened male. Stephen A. Douglas and Antebellum Democracy Martin H. Quitt, 2012-09-24 Demonstrates how Stephen Douglas's path to overnight stardom in Illinois led to his identification with the Democratic Party. Ohio Police Officers' Manual Gordon Jacob Wedig, 1951 **A Marriage Manual** Hannah Mayer Stone, Abraham Stone, 1939 Male Chastity Keyholder Guide Mistress Dede, 2015-01-08 There is a lot of variety in the world of fetish and kink with limitless possibilities for creativity in sensual play. Many people unfamiliar with this lifestyle immediately focus on the more obvious or superficial aspects like

honorific nicknames or corsets and leather boots But for people who participate in fetishes as a lifestyle the practices and games are an essential part of their relationship with its own set of rules and standards One particularly interesting subculture within the world of kink is that of the female keyholder and her chastised male subordinate The phrase male chastity probably immediately spooks some men or excites others whether they are willing to admit it or not Either attitude is amusing to the sophisticated woman with a predilection for domination and control For submissive men there are many benefits to a male chastity arrangement The calculating domme will use all of her feminine charms to her advantage establishing a system of rules meant to keep her man under lock and key Literally The popularity of male chastity devices has soared in recent years and although this be taboo it s something many people talk about behind closed doors Conveniently hidden under clothes male chastity devices provide necessary restriction for the man and allowing his dominant complete control over his orgasms These devices are a valuable tool for the modern dominant woman and excellent for contemporary tease and denial games Exploring male chastity can be a fun new game for adventurous couples or a complete long term lifestyle for kinky pairs Whatever the relationship type employing a male chastity device sends a clear message he s on lockdown and she holds the key

An Art Lover's Guide to Florence Judith Testa,2012-09-15 No city but Florence contains such an intense concentration of art produced in such a short span of time The sheer number and proximity of works of painting sculpture and architecture in Florence can be so overwhelming that Florentine hospitals treat hundreds of visitors each year for symptoms brought on by trying to see them all an illness famously identified with the French author Stendhal While most guidebooks offer only brief descriptions of a large number of works with little discussion of the historical background Judith Testa gives a fresh perspective on the rich and brilliant art of the Florentine Renaissance in *An Art Lover's Guide to Florence* Concentrating on a number of the greatest works by such masters as Botticelli and Michelangelo Testa explains each piece in terms of what it meant to the people who produced it and for whom they made it deftly treating the complex interplay of politics sex and religion that were involved in the creation of those works With Testa as a guide armchair travelers and tourists alike will delight in the fascinating world of Florentine art and history

Shakespeare and Renaissance Literature before Heterosexuality R. Bach,2015-12-11 Shakespeare has been misread for centuries as having modern ideas about sex and gender This book shows how in the Restoration and Eighteenth century Shakespeare s plays and other Renaissance texts were adapted to make them conform to these modern ideas Through readings of Shakespearean texts including *King Lear* *Antony and Cleopatra* and *Othello* and other Renaissance

drama the book reveals a sexual world before heterosexuality Shakespeare and Renaissance Literature Before Heterosexuality shows how revisions and criticism of Renaissance drama contributed to the emergence of heterosexuality It also shows how changing ideas about status adultery friendship and race were factors in that emergence **Handbook of**

1000-1350 John H. Arnold,2024-03-20 What was Christianity like for ordinary people between the turn of the millennium and the coming of the Black Death What changed and what continued in their experiences habits feelings hopes and fears How did they know themselves to be Christians and indeed to be good Christians This book answers those questions through a focus on one specific region southern France across a particularly fraught period of history one beset by the changes wrought by the Gregorian reforms the spectre of heresy the violence of crusade the coming of inquisition and the pastoral revolution associated with the Fourth Lateran Council 1215 Using an array of different historical documents John H Arnold explores the material contexts of Christian worship from the eleventh through to the fourteenth centuries the shifting episcopal expectations of the ordinary laity the changes wrought through wider socioeconomic developments and periods of sharp inflection brought by the Albigensian crusade and its aftermath Throughout the book explores the complex spectrum of lay piety finding enthusiasms and doubts faith and scepticism agency and negotiation It explores not just developments in the content of faith for the laity but the very dynamics of belief as a lived experience We are shown how across these key centuries Christianity developed in its external practices but also via inculcating a more interiorized and affective mode of belief and thus it is argued it can be said to have become truly a religion a structured demanding and rewarding faith for the many and not just the few **Filmstrip Guide** H.W. Lorelei,Mistress Lorelei Powers,2000 Originally published in 1994 in a simple pink guidebook format by an experienced and wickedly creative dominant woman The Mistress Manual fell out of print when the author moved on to other projects Now Greenery Press has brought this underground classic back to life updated with new ideas and information on Learning to Love Command to The Art of Discipline Learn how to enact the Five Archetypal Fantasies how to create your own scenarios and much much more **Fallen Bodies** Dyan Elliott,1999 Medieval clerics believed that original sin had rendered their fallen

bodies vulnerable to corrupting impulses particularly those of a sexual nature They feared that their corporeal frailty left them susceptible to demonic forces bent on penetrating and polluting their bodies and souls Drawing on a variety of canonical and other sources Fallen Bodies examines a wide ranging set of issues generated by fears of pollution sexuality and demonology To maintain their purity celibate clerics combated the stain of nocturnal emissions married clerics expelled their wives onto the streets and out of the historical record an exemplum depicting a married couple having sex in church was told and retold and the specter of the demonic lover further stigmatized women s sexuality Over time the clergy s conceptions of womanhood became radically polarized the Virgin Mary was accorded ever greater honor while real corporeal women were

progressively denigrated When church doctrine definitively denied the physicality of demons the female body remained as the prime material presence of sin Dyan Elliott contends that the Western clergy's efforts to contain sexual instincts and often the very thought and image of woman precipitated uncanny returns of the repressed She shows how this dynamic ultimately resulted in the progressive conflation of the female and the demonic setting the stage for the future persecution of witches
