Meyer, 2022-01-27 During the Standing Rock Sioux protest against the Dakota Access Pipeline an activist observed Forced removal isn't just in the history books Sabine N Meyer concurs noting the prominence of Indian Removal the nineteenth century policy of expelling Native peoples from their land in Native American aesthetic and political praxis across the centuries Removal has functioned both as a specific set of historical events and a synecdoche for settler colonial dispossession of Indigenous communities across hemispheres and generations It has generated a plethora of Native American writings that negotiate forms of belonging the identities of Native collectives their proprietary relationships and their most intimate relations among one another By analyzing these writings in light of domestic settler colonial international and tribal law Meyer reveals their coherence as a distinct genre of Native literature that has played a significant role in negotiating Indigenous identity Critically engaging with Native Removal writings across the centuries Meyer's work shows how these texts need to be viewed as articulations of Native identity that respond to immediate political concerns and that take up the question of how Native peoples can define and assert their own social cultural and legal political forms of living being and belonging within the settler colonial order Placing novels in conversation with nonfiction writings Native Removal Writing ranges from texts produced in response to the legal and political struggle over Cherokee Removal in the late 1820s and 1830s to works written by African Native writers dealing with the freedmen disenrollment crisis to contemporary speculative fiction that links the appropriation of Native intangible property culture with the earlier dispossession of their real property land In close contextualized readings of John Rollin Ridge John Milton Oskison Robert J Conley Diane Glancy Sharon Ewell Foster Zelda Lockhart and Gerald Vizenor as well as politicians and scholars such as John Ross Elias Boudinot and Rachel Caroline Eaton Meyer identifies the links these writers create between historical past narrated present and political future Native Removal Writing thus testifies to both the ongoing power of Native Removal writing and its significance as a critical practice of resistance **Our Fire Survives the Storm** Daniel Heath Justice, 2006 Once the most powerful indigenous nation in the southeastern United States the Cherokees survive and thrive as a people nearly two centuries after the Trail of Tears and a hundred years after the allotment of Indian Territory In *Our Fire Survives the Storm* Daniel Heath Justice traces the expression of Cherokee identity in that nation's literary tradition Through cycles of war and

peace resistance and assimilation trauma and regeneration

Cherokees have long debated what it means to be Cherokee through protest writings memoirs fiction and retellings of traditional stories

Justice employs the Chickamauga consciousness of resistance and Beloved Path of engagement theoretical approaches that have emerged out of Cherokee social history to interpret diverse texts composed in English a language embraced by many as a tool of both access and defiance

Justice's analysis ultimately locates the Cherokees as a people of many perspectives many bloods mingled into a collective sense of nationhood

Just as the oral traditions of the Cherokee people reflect the living realities and concerns of those who share them Justice concludes so too is their literary tradition a textual testament to Cherokee endurance and vitality

Daniel Heath Justice is assistant professor of aboriginal literatures at the University of Toronto
