

MDTP ALGEBRA READINESS TEST

Practice Test & Guide

What is the Algebra Readiness Test?

- The Algebra Readiness Test is an assessment instrument approved for use in the placement of community college students into basic mathematics, pre-algebra, and elementary algebra courses.
- The Algebra Readiness Test was developed by the University of California and California State University through the California Mathematics Diagnostic Testing Project (MDTP).
- The Algebra Readiness Test was designed to measure arithmetic and pre-algebra skills to determine readiness for a first course in algebra.

How do I know if I should take the Algebra Readiness Test?

You should take the Algebra Readiness Test if any of the following apply:

- You had no high school algebra.
- You had one year of high school algebra or the equivalent.
- It has been several years since your last math class.

You should consider taking the Elementary Algebra Test if:

- you had 2 or more years of high school algebra or the equivalent **and**
- you received a grade of "C" or better in your last math course **and**
- you completed your last math course within the last two years.

How long is the Algebra Readiness Test?

The Algebra Readiness Test consists of 50 multiple-choice problems that must be completed within 45 minutes.

Skills Assessed

California Dreaming Suzanne M. Wilson, 2008-10-01 This compelling book tells the history of the past two decades of efforts to reform mathematics education in California That history is a contentious one full of such fervor and heat that participants and observers often refer to the math wars Suzanne M Wilson considers the many perspectives of those involved in math reform weaving a tapestry of facts philosophies conversations events and personalities into a vivid narrative While her focus is on California the implications of her book extend to struggles over education policy and practice throughout the United States Wilson s three dimensional account of math education reform efforts reveals how the debates tend to be deeply ideological and how people come to feel misunderstood and misrepresented She examines the myths used to explain the failure of reforms the actual reasons for failure and the importance of taking multiple perspectives into account when planning and implementing reform
