Mommy S Disease Helping Children Understand Alcoholism:

Mommy's Disease Carolyn Hannan Bell, 2014-03-26 There are a lot of reasons why we don't talk to our children about alcoholism. We don't want to upset the drinker and make things worse. We don't want to bring attention to the drama and dysfunction. We don't want to be accountable. We want it to go away. We don't want our children to think badly of their parent. We don't know what to say or which words to use. There are a lot of reasons why we don't talk to our children about alcoholism, but none of them are good ones. Talking to children about alcoholism is not hard. NOT talking to children about alcoholism and addiction is hard. Maybe not in the moment when it feels easier and maybe even kinder to cover things up, but in the future when a child's issues borne from misunderstanding, misinterpretation, and lack of communication take flight. In an easily understood, beautifully illustrated style, *Mommy's Disease* helps families navigate the difficult waters of alcoholism. Mila doesn't know why her mom doesn't show up for dinners or soccer games or why she acts funny sometimes. Mila thinks it's because her mom doesn't want to be with her, that she hasn't been the best girl she can be, that she should try harder. But Daddy tells Mila that Mommy has a disease called alcoholism. She helps Mila and her faithful dog Annie understand what this disease is and how it affects Mommy and the whole family. He teaches Mila that she is not responsible for Mommy's behavior and that gives Mila the peace she needs to foster a healthy childhood. Praise for *Daddy's Disease* Carolyn Hannan Bell has given a gift to thousands of children and their parents with her book *Daddy's Disease*. A wonderful book for children who have a parent who has alcoholism. With gentle insight and poignant stories, she introduces us to 7-year-old Tommy whose father is an active alcoholic. Like most children of alcoholics, he is confused, angry, and feels it's his fault. This is where Carolyn takes over the voice of Tommy's mother and holds his hand and heart while she guides them through these difficult waters. This is a children's book that everyone living with alcohol should read. Thank you Carolyn! Daniel Gottlieb PhD, Host, *Voices in the Family* WHYY FM, Author *Letters to Sam*, *Wisdom of Sam*, and forthcoming *The Wisdom We're Born With* **HELP! Someone I Love is on DRUGS!** Jennifer Moss, CSW, 2022-11-03 I DON'T THINK I CAN HANDLE THIS. Family members silently experience their own personal hell when they have a loved one on drugs. It is a frustrating and confusing time with no straight answers, leaving family members feeling lonely, angry, and helpless. This book was written with the help of family members who share their own stories of what specifically helped them figure out how to handle an out-of-control loved one in a healthy way. As an additional bonus, inside are personal accounts from a few of their addicted loved ones who share what helped them and did not help them in their own path to recovery. The way family members behave toward their addicted family member will greatly influence their chances for recovery. In this book, there is literally a basic *do-a-URL-and-a-URL-do* not list of things to be aware of in dealing with someone on drugs. You will learn how to set doable boundaries that protect your family and suggestions for various possible consequences you can use with your addicted loved one. This book offers responses you can give for different problems when you feel trapped or lost about what actions to take. This book covers ways

to handle relapse jail and homelessness without letting these situations take over your life and ruin your family You will learn clues for when you should step in and help and when backing off is the best way to help As you gain tools education and a good support system you will be able to look back on this experience and know in your heart that you did everything you could to help your addicted loved one and your entire family in the best possible ways

FMAuthor Letters to Sam Wisdom of Sam and forthcoming The Wisdom We're Born With **Alcoholism and the Family** Gary Lawson, James S. Peterson, Ann W. Lawson, 1983 *I Can Be Me* Dianne S. O'Connor, 2009-11-09 Has drug or alcohol abuse in your family caused your child to become withdrawn or to act out? Is addiction in a family member contributing to upset and stress in your child? Do you want to help your child understand the problem and communicate about his/her feelings? Do you want to help your child develop healthier coping strategies? *I Can Be Me* is a helping book for professionals and parents who want to help children of alcoholic parents. Written for children ages 4 to 12, it can be read by a child alone or worked through with a caring adult. Simple line drawings and text speak to children in a language they understand and are based on the real experiences of children with addicted parents. Written from the perspective of children whose parents are addicted to alcohol and various other drugs, this book helps children take off the masks that hide their true feelings and educates them about alcohol or drug abuse in the family. Entertaining drawings and simple text make this book easy to understand and invite children to add their own thoughts and feelings. Children often feel alone in homes where alcoholism or drug abuse is present. *I Can Be Me* helps children understand more about addiction and realize that they are not to blame for their parents' problems. Through a series of creative exercises and activities, children learn about healthy coping strategies and that they are not alone. Eight separate units make this book an ideal companion to counseling or support group sessions. Parents or counselors can also use a single section to address the unique concerns of an individual child. *Bowker's Complete Video Directory*, 2000 **Children's Literature for Health Awareness** Anthony L. Subject Guide to Children's Books In Print, 1996 R. R. Bowker Publishing, 1996 The Catholic World, 1989 **Why Doesn't Daddy Feel So Well?** R. A. Kelley, 2011-02 This book is one of the most imaginative and innovative approaches to helping young children understand the nature of alcoholism and its devastating impact on them and their entire family. A simple story of a family with young children going through this life crisis is the teaching tool. The story is based on the author's personal experience and written for children ages 7-12. Instructions are provided to the parent to enable them to guide the child through the story emotionally and to invite them to identify and share their feelings about the family in the story and most importantly about their own family. The book uses Key Points at the beginning of each chapter to highlight critical issues the parent should discuss during the chapter. As both the parent and child read through the story together, the parent is focused and guided to use the story as a springboard for conversation and enlightenment regarding the child's own family situation and dynamics. At the end of each chapter is a section called Things to think about. These are a series of thoughtful

questions for discussion that invite and encourage both parent and child to bring to the surface intense feelings that are sometimes buried deeply The ultimate purpose is to help the child understand that they cannot cause control nor cure the disease preventing them from unnecessary guilt and incurring permanent damage to their self esteem The story ends with a message of hope that there is help out there and that they are never alone It also reinforces the notion that they are responsible for their own recovery and that there are many tools available Finally a list of resources phone numbers and websites is provided for the reader to build on the experience the book provides *Learning Through Play* Rebecca R.
