Tinplate Traditions® 400E Contemporary Steam

Passenger Station Announcements Operating Instructions

Thank You for purchasing the 400E Contemporary Steam with Passenger Station Sounds. The engine's durable Tinplate body is sized for operation on Standard Gauge Track. This Standard Gauge Tinplate Traditions® Steam Engine contains state-of-the-art electronics with many built-in automatic features for exciting operation. Despite these advanced features, the locomotive is easy to operate with any compatible standard AC transformer that is equipped with whistle and bell buttons (see the compatibility chart on page 15), and is compatible with most other 3-rail Standard Gauge locomotives, rolling stock, and accessories.

This locomotive is equipped with Proto-Sound 2.0 with Digital Command System (DCS). This new system will allow you to operate your locomotive in Command mode (when used with the DCS Remote Control System, sold separately) or Conventional mode. Conventional operating features are described in the following pages, while the **DCS operating features are covered in the set of operating instructions that accompanies the DCS equipment.** Conventional Mode operation of this locomotive is much simpler than operation of original Proto-Sound engines. For your own safety and that of your equipment, please read the instructions before you operate this engine.

WARNING: Do not lift this engine by its handrails. They cannot support the weight of the engine.
