Muhammad M. Watt,1961-12-01 This account of the life and work of Muhammad begins with his days as an orphan in sixth century Mecca and continues through his call to the prophethood and the recording of his revelations in the Qur'an The story of his betrayal expulsion from Mecca migration to Medina and rise to power in Arabia is also told **Muhammad W.** M. Muhammad, the Prophet & Statesman William Montgomery Watt,1964 **Muhammad, the Prophet and Statesman** William M Watt,1996-01-01 **Muhammad's Military Expeditions** Ayman S. Ibrahim,2024 The Arabic Muslim literature on Muhammad s maghazi is bountiful Since this book focuses on Muhammad s maghazi a survey of this literature is important not only to establish the centrality of the topic in Islamic thought but also to relay the uniqueness and contribution of this book To that end in this chapter I will first explore that which classical Muslim narrators wrote on Muhammad s maghazi and the ways they used the accounts to reflect Allah s support for Muhammad and the believers In the second section I will examine discussions by modern and contemporary Muslims relaying how they interpret the accounts of the maghazi In particular I will discuss their articulation of the motivations and results of Muhammad s military campaigns The first two sections of this chapter will thus establish the centrality of the maghazi as a literary genre as well as its importance among Muslims past and present In the third section I take the discussion to non Muslim scholarship I explore briefly early views on Muhammad and his career by non Muslims before I focus on works and arguments of key Western scholars from the nineteenth century until our present day **The Teaching and Study of Islam in Western Universities** Paul Morris,William Shepard,Paul Trebilco,Toni Tidswell,2013-11-26 Public interest in the religion of Islam and in Muslim communities in recent years has generated an impetus for Western Universities to establish an array of Institutes and programs dedicated to the study of Islam Despite the growth in number of programs dedicated to this study very little attention has been paid to the appropriate shape of such programs and the assumptions that ought to underlie such a study The Teaching and Study of Islam in Western Universities attempts to address two central questions that arise through the teaching of Islam Firstly what relation is there between the study of the religion of Islam and the study of those cultures that have been shaped by that religion Secondly what is the appropriate public role of a scholar of Islam After extensive discussion of these questions the authors then continue to address the wider issues raised for the academic community having to negotiate between competing cultural and philosophical demands This edited collection provides new perspectives on the study of Islam in Western Institutions and will be an invaluable resource for students of Education and Religion in particular Islamic Studies **Modern Western Christian Theological Understandings of Muslims Since the Second**
