companies associated with tunneling sent representatives to the management advisory board which ensured that the research carried out in the project was of benefit to the industry The Austrian Geomechanics Society sponsored the project with a considerable amount which was mainly used to cover site costs HL AG and OSAG as well as the joint ventures allowed access to tunnel sites thereby making it possible to test new developments Proceeding of the Twenty-ninth Annual Convention, Indonesian Association of Geologists, Bandung, November 21-22, 2000: Mineral resources Ikatan Ahli Geologi Indonesia.
