

What is Life?

Life? What is life? What is the meaning of life? Why are life is important? What is the purpose of life? These questions might never find the right or appropriate answers because those questions are so subjective. And now I always think that questions when I actually hear about life. Everyone has a different way of viewing the definition of life. For me, life means to live in the moment and no worry to predict about our future. Life is like a book everyday a new page, every month is a new chapter and everyday is a series. Remember that life is actually like a book with an innumerable number of pages. These pages actually signify or represent the memories which we live in our life and also the ones which we will be living in the future. Each page is actually like a new chapter and a new start of every refreshing beginning in life. Life can also be considered to be mysterious enough because every new page represents a new challenge or a new problem in life. It is our duty to solve them by applying our rational thinking and experience that we have gathered in the past. Actually, all of our lives are simply as a storybook, and therefore we must make every possible effort to make it a bestseller. Remember that when things go wrong, it doesn't mean that fortune will never favor us anymore. Life is actually full of ups and downs, and we need to acknowledge it or accept it as it comes to us.

It means to strive to be your best at what you do and give it your best effort. It means to cherish every second you have with your family, friends, or relatives. It means to make an impact on a persons life. Life is an experience for us to try everything. For us to do what we like, along with what we don't like. When were take time to experience many things, what happens is that we become more aware of what is going on in the world, and in the minds of people. It provides an opportunity to relate and connect to more people in the world. Life has a meaning. It has its own purpose. It is to fulfill your purpose in life and to accomplish your goals. Sometimes life is unfair, but you always have to stand up for yourself to accomplish your goals. Pandemic reminded me that life is important because of the pandemic I learned how important life is. When my mom became positive in COVID disease I became even more worried about my life and the lives of the people I love.

I don't expect our country to have a big problem because of having this kind of disease. It is a huge for each of us because until now we don't have a vaccine to prevent it. Because of this pandemic we could not go back to our normal lives. I know many of us doesn't have hope in life because of this disease it will be reason why losing of their loved ones. And now I realized that the saying "Life is too short so live to the fullest" and probably I actually agree on it. That life is only short so let's do the things that will have good memories in our lives. Only God knows what good plan he had for us. Let us trust him no matter what happens to us because he will do everything okay to make our life back to normal. In order to enjoy life and live it to the fullest, it is essential to look at the very next page of our life and see what life has in stock for us. Turning the next page simply means that we must sound optimistic in troublesome situations and handle them with care and dedication. So life is too short so don't let other people do what you ever you want. Enjoy every moment in your life, let be free like a dove that they do what they want to go and fly so high.
