Identity, Culture, and the Science Performance Volume 2 Vivian Appler, Meredith Conti, 2023-10-05 Volume 2 of Identity Culture and the Science Performance investigates performances that illuminate the hidden recesses and inscrutable mysteries of the natural and human made worlds While the first volume of this series prioritizes public outward facing and activist work at the intersections of art and science this volume considers performances of localized concealed inexplicable or intimate phenomena from the closed door procedures of biomedical trials to the impacts of climate change Interdisciplinary science dialogues have long been shaped by the cultures and identity communities in which they arise and circulate The essays interviews and creative works included here not only expose the historical and contemporary harms created by exclusive and prejudicial processes in art and science they also contemplate how a diverse inclusive body of science performers might help deepen how we see the unseen forces of our universe contribute to novel scientific understandings and disrupt disciplinary hierarchies long dominated by white men of privilege This collection expands upon extant scholarship on theatre and science by foregrounding identity as a crucial thematic and representational element within past and present performances of science Featuring interviews with science integrative artists such as Lauren Gundersen The Half Life of Marie Curie and Kim TallBear Native American DNA as well as creative works by playwrights Chantal Bilodeau and Claudia Barnett among others Identity Culture and the Science Performance Volume 2 From the Curious to the Quantum proposes shifts in perspective and procedure necessary to establish and maintain sustainable cultures of science and art

Dual-use life science research and biosecurity in the 21st Century: Social, Technical, Policy, and Ethical Challenges Jonathan E. Suk, Kathleen M. Vogel, Amanda Jane Ozin, 2015-06-04 In September 2011 scientists announced new experimental findings that would not only threaten the conduct and publication of influenza research but

would have significant policy and intelligence implications The findings presented a modified variant of the H5N1 avian influenza virus hereafter referred to as the H5N1 virus that was transmissible via aerosol between ferrets These results suggested a worrisome possibility the existence of a new airborne and highly lethal H5N1 virus that could cause a deadly global pandemic In response a series of international discussions on the nature of dual use life science arose These discussions addressed the complex social technical political security and ethical issues related to dual use research This Research Topic will be devoted to contributions that explore this matrix of issues from a variety of case study and international perspectives

Brief Interventions for Risky Drinkers Antoni Gual,Peter Anderson,Hugo López-Pelayo,Jillian Reynolds,2016-06-29 Alcohol is the sixth leading risk factor for disability and premature death all over the world and one of the leading causes of premature mortality in western societies it is a leading risk factor for death in young and middle age males Heavy drinking accounts for about two thirds of the burden of disease attributable to alcohol In the early 1980s screening and brief interventions SBI in primary health care settings were proposed as effective strategies to identify risky drinkers and to help them reduce their drinking Since then a growing body of evidence including several meta analysis and Cochrane reviews has shown the efficacy and effectiveness of SBI in primary health settings However demonstrating the effectiveness of SBI has not been insufficient to facilitate its general implementation in the routines of primary health care physicians and in fact the dissemination of SBI has proven to be a difficult business Qualitative and quantitative research has identified most of the facilitators and barriers for its implementation and publicly funded research has been earmarked to address the dissemination problems worldwide Some examples are the World Health Organization Phase III and Phase IV studies on the identification and management of alcohol related problems in primary care EU funded projects PHEPA AMPHORA ODHIN BISTAIRS the UK SIPS trials and the SBIRT developments sponsored by the Substance Abuse what length

should they be is there a need for booster sessions is there added value of a motivational approach These questions together with other relevant aspects of SBI need ongoing research In recent years SBIs have been tested in settings other than primary health care including hospitals accident and emergency rooms criminal justice colleges and universities social services and pharmacies In some of those areas the evidence is scarce for example pharmacies while in others it is very promising for example students and hospitals New technologies have also offered the possibility of online tools and in the last few years different digital based applications have been tested successfully as new ways to deliver effective SBIs to larger amounts of people Brief interventions have also spread to drugs other than alcohol This book aims to be an update of the state of the art of brief advice It is a compilation of articles published by some of the most relevant researchers in the field in *Frontiers in Psychiatry* between 2014 and 2016 **Life** ,1882 **The Review** ,1881 **Publishers' Circular and Booksellers' Record of British and Foreign Literature** ,1915 The Publisher ,1915 The Publishers' Circular and Booksellers' Record ,1915 **Ladies' Home Journal** ,1922 **The Mining Journal, Railway and Commercial Gazette** ,1891 **Yearbook of International Organizations 2013-2014 (Volumes 1a-1b)** Union Of International Associations,Union of International Associations,2013-06-21 Volume 1 A and B covers international organizations throughout the world comprising their aims activities and events The Publishers Weekly ,1894 **Publishers' Weekly** ,1894
