Anderson,2014-09-19 This book explores the politics of conservative Christian churches and social movements in Russia and the United States focusing on their similar concerns but very different modes of political engagement Whilst secularisation continues to chip away at religious adherence and practice in Europe religion is often quite rightly seen as an influential force in the politics of the United States and more questionably as a significant influence in contemporary Russia This book looks at the broad social movement making up the US Christian Right and the profoundly hierarchical leadership of the Russian Orthodox Church as socially conservative actors and some of the ways they have engaged in contemporary politics Both are seeking to halt the perceived drift towards a more secular political order both face significant challenges in handling the consequences of secularism pluralism and liberal individualism and both believe that their nations can only be great if they remain true to their religious heritage In exploring their experience the book focuses on shared and different elements in their diagnosis of what is wrong with their societies and how this affects their policy intervention over issues such as religious and ethnic belonging sexual orientation and education Drawing on political sociological and religious studies this work will be a useful reference for students and scholars of religion and politics Russian politics and American politics

Halperin,Trevor Hoppe,2017-03-09 The past fifty years are conventionally understood to have witnessed an uninterrupted expansion of sexual rights and liberties in the United States This state of the art collection tells a different story while progress has been made in marriage equality reproductive rights access to birth control and other areas government and civil society are waging a war on stigmatized sex by means of law surveillance and social control The contributors document

the history and operation of sex offender registries and the criminalization of HIV as well as highly punitive measures against sex work that do more to harm women than to combat human trafficking They reveal that sex crimes are punished more harshly than other crimes while new legal and administrative regulations drastically restrict who is permitted to have sex By examining how the ever intensifying war on sex affects both privileged and marginalized communities the essays collected here show why sexual liberation is indispensable to social justice and human rights Contributors Alexis Agathocleous Elizabeth Bernstein J Wallace Borchert Mary Anne Case Owen Daniel McCarter Scott De Orio David M Halperin Amber Hollibaugh Trevor Hoppe Hans Tao Ming Huang Regina Kunzel Roger N Lancaster Judith Levine Laura Mansnerus Erica R Meiners R Noll Melissa Petro Carol Queen Penelope Saunders Sean Strub Maurice Tomlinson Gregory Tomso
