Communicating Linguistics Hazel Price,Dan McIntyre,2023-01-19

Increasingly academics are called upon to demonstrate the value of linguistics and explain their research to the wider public In support of this agenda Communicating Linguistics Language Community and Public Engagement provides an overview of the wide range of public engagement activities currently being undertaken in linguistics as well as practically focused advice aimed at helping linguists to do public engagement well From podcasts to popular writing from competitions to consultancy from language creation to community projects there are many ways in which linguists can share their research with the public Bringing together insights from leading linguists working in academia as well as non university professions this unique collection Provides a forum for the discussion of challenges and opportunities of public engagement in linguistics in order to shape best practice Documents best practice through a summary of some of the many excellent public engagement projects currently taking place internationally Celebrates the long tradition of public engagement in linguistics a discipline which is often misunderstood despite its direct and fundamental importance to everyday life Breaking down long standing divisions

between universities and the wider community this book will be of significant value to academics in linguistics but also teachers policy makers and anyone interested in better understanding the nature and use of language in society Creative Commons Attribution Non Commercial No Derivatives 4.0 license      Exploring STEM Environments that Broaden Participation Tyrslai Williams, Renã A. S. Robinson, Zakiya S. Wilson-Kennedy, 2025-09-16 Creating spaces conducive for all students pursuing degrees in STEM is a constant conversation in higher education Studies establish the need for broad participation in STEM and the barriers in place that prevent matriculation through critical junctures Through these studies several suggestions and recommendations suggest supporting students through advising mentoring and research experience Very little is discussed about the tools and strategies needed to enhance students own development of self efficacy and self identity through mentorship in formal environments like the lab classroom and departments but also in informal STEM environments like bridge programs organizational involvement and mentoring groups While the environments seem very different the mission of dynamic approaches to student progression is apparent Furthermore understanding how the support evolves at each critical juncture is critical to the way in which the future of STEM will advance      Journal of the Physical Society of Japan ,2016      *Shifting to Digital* James A.
