Multiplication Number Splitting Grid Method:

Primary Mathematics: Teaching For Understanding Barmby, Patrick, Bilborough, Lynn, Harries, Tony, 2009-09-01 This book addresses the particular areas of mathematics within the primary curriculum that teachers find difficult to teach and in which children struggle to achieve. It begins with introductory sections on how children learn mathematics and is then organised on a subject area basis dealing with the teaching of particular maths topics. Key topics addressed include rounding and measuring means and medians, fractions, negative numbers, commutative and associative laws in number operations and shape and space. Within each chapter the authors examine the themes of representing reasoning and communicating, drawing out both the subject knowledge and ways of teaching each topic. A reference section for studies drawn upon is provided at the end of each chapter.

Framework Maths David Capewell, 2002 The Framework Maths course is designed to match the pitch, pace and progression of the Framework for Teaching Mathematics at Key Stage 3. This student's book is written for the Extension tier in Year 7 and is suitable for students working beyond the Framework objectives. It comprises units organized clearly into full colour spreads. Each unit offers prior learning points identified at the start so that revision is a continual process, learning objectives covered with examples showing the key techniques, plenty of practice with questions pitched at the level suggested in the framework and summaries and review questions to help students gain responsibility for their learning.

Solutions Support Book 7 David Baker, 2005 This is a major new series developed to provide complete coverage of the framework for teaching mathematics and Medium Term Plan in a highly accessible and modern format.

Developing Number Sense Julia Anghileri, 2008-05-15 Developing Number Sense identifies innovative teaching practices and provides a rigorous treatment of arithmetic and its assessment at Key Stages two and three.
