

The background of the book cover is a microscopic view. It features numerous red blood cells, which are biconcave and reddish-orange, scattered across the field. Interspersed among them are several blue, spherical virus-like particles. These particles have a textured, bumpy surface and several long, thin, spike-like projections extending from their periphery. The overall color palette is dominated by deep reds and oranges for the blood cells, and vibrant blues and teals for the viral structures.
