Bibliographic Guide to North American History, 1984 **American Indian Tribal Governments** Sharon O'Brien, 1993 This book describes the struggle of Indian tribes and their governments to achieve freedom and self determination despite repeated attempts by foreign governments to dominate exterminate or assimilate them Drawing on the disciplines of political science history law and anthropology and written in a direct readable style American Indian Tribal Governments is a comprehensive introduction to traditional tribal governments to the history of Indian white relations to the structure and legal rights of modern tribal governments and to the changing roles of federal and state governments in relation to modern tribal governments Publication of this book fills a gap in American Indian studies providing scholars with a basis from which to begin an integrated study of tribal government providing teachers with an excellent introductory textbook and providing general readers with an accessible and complete introduction to American Indian history and government The book's unique structure allows coverage of a great breadth of information while avoiding the common mistake of generalizing about all tribes and cultures An introductory section presents the basic themes of the book and describes the traditional governments of five tribes chosen for their geographic and cultural diversity the Senecas the Muscogees the Lakotas the Isleta Pueblo and the Yakimas The next three chapters review the history of Indian white relations from the time Christopher Columbus discovered America to the present Then the history and modern government of each of the five tribes presented earlier is examined in detail The final chapters analyze the evolution and current legal powers of tribal governments the tribal federal relationship and the tribal state relationship American Indian Tribal Governments illuminates issues of tribal sovereignty and shows how tribes are protecting and expanding their control of tribal membership legal systems child welfare land and resource use hunting and fishing business regulation education and social services Other examples show tribes negotiating with state and federal governments to alleviate sources of conflict including issues of criminal and civil jurisdiction taxation hunting and fishing rights and control of natural resources Excerpts from historical and modern documents and speeches highlight the text and more than one hundred photos maps and charts show tribal life government and interaction with white society as it was and is Included as well are a glossary and a chronology of important events

Guide to Research on North American Indians Arlene B. Hirschfelder, Mary Gloyne Byler, Michael Dorris, 1983 Dine Bibliography to the 1990s Howard M. Bahr, 1999-06 The Navajo are the largest tribe of Indians in the United States and due in part to a fascination with their relative isolation have been analyzed in numerous documentaries In this timely supplement to the Navajo Bibliography Howard M Bahr engages in a unique postmodern approach to his bibliography of the Navajo culture by combining health related artistic economic religious social scientific

and other literature on the Navajo into one study The bibliography skillfully downplays disciplinary boundaries by unifying literature that has previously only offered separate classification and access The more than 6 300 entries are selectively annotated and cover Navajo literature from 1970 to 1990 as well as newly discovered literature including Franciscans literature that was not included in the original Navajo Bibliography This bibliography is not only the most comprehensive bibliography to date in its coverage of more than two decades of new material but the only source that supplements the professional literature with local and cultural works An exhaustive resource that effectively doubles the expanse of Navajo literature surveyed and indexed Din Bibliography to the 1990s is an invaluable tool that both highlights the literature already available and expands such data to include coverage of genres that have been previously underrepresented Monthly Catalog of United States Government Publications United States.
