**Theoretical Approaches to Analysis and Interpretation of Commingled Human Remains** Anna J. Osterholtz, 2015-11-05 This volume centers on the application of social theory to commingled remains with special focus on the cultural processes that create the assemblages as a way to better understand issues of meaning social structure and interaction and lived experience in the past The importance of the application of theoretical frameworks to bioarchaeology in general has been recognized but commingled and fragmentary assemblages require an increased theoretical focus Too often these assemblages are still relegated to appendices they are analytical puzzles that need the interpretive power offered by social theory Theoretical Approaches to Analysis and Interpretation of Commingled Human Remains provides case studies that illustrate how an appropriate theoretical model can be used with commingled and fragmentary remains to add to overall site and population level interpretations of past and present peoples Specifically the contributions show a blending and melding of different social theories highlighting the broad interpretive power of social theory Contributors are drawn from both the Old and New World Temporally time periods from the Neolithic to historic periods are present further widening the audience for the volume

**Eucalyptus Kraft Pulp Refining Vail** Manfredi, 2024-04-26 This book presents a brief history of papermaking followed by comments regarding wood as a source of fibers including its chemical and anatomical characteristics and the influence of these aspects on the quality of the pulp produced In addition the author describes the effects of the pulping process mainly a chemical process on pulp quality and how these wood characteristics influence both the refining process as the quality of the final paper The book further provides a broad discussion based on experimental results on the contribution of the main operating refining variables and the main strategies that can be used industrially to optimize the operating results From this evaluation the parameter that complements the specific edge load theory is identified This parameter is related to the retention time of the fiber flocs inside the refiner

**Gorilla Pathology and Health** John E Cooper, Gordon Hull, 2016-12-21 Gorilla Pathology and Health With a Catalogue of Preserved Materials consists of two cross

referenced parts The first the book itself is a review of pathological changes and tissue responses in gorillas Gorilla gorilla and G beringei with an emphasis on free living animals but also with reference to those in captivity The comparative aspects are discussed stressing the relevance of research to both gorillas and humans What makes the publication truly unique however is the second part a comprehensive descriptive catalogue of the location and nature of gorilla material in museums and scientific institutions throughout the world This is of great consequence because free living gorillas are strictly conserved with restricted access so the location of a wealth of preserved tissues and other material that has been collected over the decades is a great benefit for research and study This book can and should be used to gain cardinal knowledge regarding the biology and pathology of this genus The combination of book and catalogue in this extensive compilation makes it an invaluable tool for all those concerned with the health welfare and conservation of gorillas one of our nearest living relatives Brings together studies data and clinical practice from difficult to access or obscure journals and NGO reports in different languages for all interested parties and practitioners Provides perspectives on existing research in gorilla pathology both for those studying conservation practices and those seeking an understanding of comparable diseases in humans Includes illustrative figures on gross and microscopic pathological changes museum specimens photos of field necropsy and techniques and examples of laboratory tests Features an extensive list of references and further reading in different languages Incorporates a comprehensive descriptive catalogue of gorilla material from around the world English Mechanic and Mirror of Science ,1904 **English Mechanic and World of Science** ,1886 *Scientific American* ,1914
