Nigeria's Educational System Joseph A. Balogun, 2023-09-20 This book assesses the challenges within the Nigerian educational system and provides a concrete plan to revitalize the low performing system by strengthening high stakes testing at all levels In Nigeria many citizens believe that the solution to the country s low performance in education is to eliminate high stakes standardized testing High stakes testing refers to applying standardized student achievement tests as a primary mechanism to evaluate students teachers and their school s performance This book argues that the poor quality of education and low ranking of Nigeria s educational system is not related to the negative consequences of high stakes testing but rather is due to many intrinsic factors By conducting a comparative analysis of six high performing education systems worldwide the book offers a comparative summative evaluation of the educational system and offers recommendations This book will be of interest to policymakers and scholars in the fields of African education higher education quality and global studies African studies management and administration leadership and professional development studies Joseph Abiodun Balogun is former Dean and retired Distinguished University Professor at the College of Health Sciences Chicago State University USA Visiting Professor Program Consultant at the Centre of Excellence in Reproductive Health Innovation University of Benin Nigeria and President CEO Joseph Rehabilitation Center Tinley Park Illinois USA **Technological Advancements and Innovations in Future of Education** Samira Hosseini, Brian Beitzel, Marcel Köhler, Fida Sanjakdar, 2024-10-31 This book contains peer

reviewed selected papers from the 6th International Conference on the Future of Education FOE 2023 It presents excellent educational practices and technologies complemented by various innovative approaches that enhance educational outcomes The conference in particular places great attention on solutions to educational problems that are highly aligned with four Sustainable Development Goals from the seventeen goals designed by UNESCO The book focuses on quality education industry innovation and infrastructure reduced inequalities etc The FOE 2023 proceedings offer contributions covering a diverse range of innovations and technology in education and how they may facilitate the current stages of education and shape future avenues for offering quality and accessible education Moreover the articles presented in this book present dynamic computing and pedagogical approaches to empower learners and educators across the globe As our planet continues to tackle international crises including poverty climate change limited access to technological tools and global pandemics remote and or online teaching and learning find paramount importance which has also been considered a powerful theme in the presented articles These essential components highly contribute to reduced inequalities serving learners from higher education levels to lifelong learners while playing a crucial role in closing the gap between the skill set obtained by the graduates and those demanded by the job market
