Karmic Car Cycles Cliff Adventures In Life English Edition:

The Karmic Car Cycles Cliff Livingstone, 2009-08 The universally themed book titled The Karmic Car Cycles is a hilarious romp of car related misadventures by the author protagonist Cliff R Livingstone The book hits the ground running and is still running at the end Having led one of the wackiest most unusual and so far unlikely lives on the planet the author romps through these awesome and oftentimes unbelievable Karmic Car adventures at the rate of about ten laughs a second The author proposes that his car misadventures occurred because he had a Karmic Car Cycle going on He then builds the case through a series of hilarious vignettes that work in their right own over and above the narrative In writing it is hard to find an approach that stands out from the crowd But this is what Livingstone has done with this distinctive work which lives up to its billing as a non stop romp morning noon and night The writing style is uproariously funny conversational wry even whimsical at times and is never less than totally entertaining The book is anything but your standard bowl of cornflakes Writing is about addressing other people Mr Livingstone has accurately identified the things about his life s experiences which could be of interest to others This gives the Karmic Car Cycles a more universal appeal than an average straight forward narrative novel might offer The book also has a universal appeal which everyone can enjoy in the sense that while located mainly in Canada the misadventures could just as easily have happened to anybody anywhere in the world whether rich poor male female sane zany or just plain still in their boots Likewise the author s self imposed criterion that all included material be entertaining and or thought provoking for the benefit of others is a rule from which many writers could benefit

The Life Cycle and the Karmic Law Dhiraj Bakshi, 2012-06-19 Karma is the concept of action or deed understood as that which causes the entire cycle of cause and effect Our setting presents what is best for our evolution It is the past which links us to our present condition We have brought our ideas our instincts and our obstacles with us Our former lives contain the seed of our new life We carry on our karma with us Karma takes us where we have to go not necessarily where we want to go That which is not destined will not happen despite every effort This book is a compilation of human traits that should make us the best we can be while appreciating the marvel of universal wisdom In This Book Author has covered the concepts like Human Life Cycle Karmic Cycle Laws of Karma through Sections Sub Sections Clause etc A small initiative taken by the author to spread and or share divine Knowledge of Vedic Science Astrology in an endeavour to enlighten the readers about the Importance of Karma s and or Karmic Deeds which plays an important role in different streams of their Life Cycle
