Ecotherapy Howard Clinebell, 2013-12-19 Here is a trailblazing book on issues of vital interest to the future of humankind Ecotherapy Healing Ourselves Healing the Earth sheds light on humankind's most serious health challenge ever how to save our precious planet as a clean viable habitat As a guide for therapists health professionals pastoral counselors teachers medical healers and especially parents Ecotherapy Healing Ourselves Healing the Earth highlights readers strategic opportunities to help our endangered human species cope constructively with the unprecedented challenge of saving a healthful planet for future generations Ecotherapy Healing Ourselves Healing the Earth introduces readers to an innovative approach to ecologically grounded personality theory spirituality ecotherapy and education The book shares the author's well developed theories and methods of ecological diagnosis treatment and education so professionals and parents our most influential teachers can rise to the challenge of saving our planet Readers will find that the book helps them accomplish this goal as it explores an expanded ecologically grounded theory of personality development the missing dimension in understanding human identity formation outlines a model for doing ecologically oriented psychotherapy counseling medical healing teaching and parenting describes life saving perspectives for making one's lifestyle more earth caring demonstrates the importance of hope humor and love suggests how these earthy approaches may be utilized in a variety of social contexts and cultures A systematic theory and practice guidebook Ecotherapy Healing Ourselves Healing the Earth fills a wide gap in both the counseling and therapy literature and the ecology literature It offers an innovative model for fulfilling the ecological circle between humans and nature with three action dimensions These are self care by being intentionally nurtured by nature spiritual enrichment by enjoying the transcendent Spirit in nature and responding by nurturing nature more responsibly and lovingly The theories and practical applications presented in the book come together to explore long overlooked issues at the boundary between human health and the health of the natural environment Psychotherapists health professionals and teachers pastoral counselors and other clergy who counsel and teach laypersons who are parents and grandparents and individuals and groups interested in environmental issues will find Ecotherapy Healing Ourselves Healing the Earth essential

for approaching the long neglected earthy roots of the total human mind body spirit organism **With Nature in Mind**
Andy McGeeney,2016-04-21 Connecting with nature is proven to promote healing growth and positive mental health benefits
Ecotherapy harnesses these benefits and this book explains what it is why it works and how to introduce it into clinical
practice Be inspired by 100 nature based activities and guidelines for facilitating outdoor sessions **The Psychology of
Counselling** Marie Percival,2023-04-13 What is counselling and how can it help Does counselling work How is counselling
different from talking to my family and friends about my problems The Psychology of Counselling explains the different
approaches to therapy and how they are used in practice giving information on what counselling can help with and what it
cannot do It looks at cognitive and behavioural therapies psychoanalysis and humanistic psychology as well as exploring
positive psychotherapy and the move away from a disease based approach to counselling It also reflects upon the broader
landscape of therapeutic spaces and gives consideration to professional issues in counselling such as ethics supervision and
duty of care to clients At a time when mental health and psychological well being are central subjects of conversation in
modern society The Psychology of Counselling sheds light on the therapeutic process what it involves and how it works to
help all those seeking assistance for relieving emotional or psychological issues and improving their psychological wellness

Nature-Based Therapy Nevin J. Harper,Kathryn Rose,David Segal,2019-07-02 Take your therapeutic practice with
children youth and families out into nature The number of children youth and families seeking help for a wide range of
mental health concerns is growing at an alarming rate and many struggle to thrive despite well intentioned interventions
from skilled helpers Unplugging from technology and reconnecting with the web of life is a powerful antidote to the highly
technological and fast paced realities of so many Nature Based Therapy addresses this underlying disconnection between
humans and their ecological home exploring theories and therapeutic practices undertaken with children youth and families
including Developing sensory awareness of outer and inner landscapes Navigating risk in play Case examples with a diverse
range of settings intentions and interventions Nature Based Therapy is for counselors therapists youth and social workers
educators and parents working in educational and therapeutic settings who want to take their practice beyond the office
walls and into the powerful terrain of the wild partnering with nature as a co facilitator to create lasting change
