Klein,2005 Harry Truman was a pragmatist who saw in the UN a forum for sovereign independent nations to iron out their differences But for globalists the goal has always been a true world government This thinking now infests the UN from top to bottom In this disturbing and timely book Joe Klein exposes the globalist s true agenda stripping the US of its independence in order to make the world s only superpower and its citizens subservient to the desires and whims of dictators tyrants and nameless bureaucrats Having failed to win over US public opinion globalists are trying to rally world opinion against America while encouraging US courts to turn to international law as opposed to the Constitution and Bill of Rights for guidance when making judicial decisions thus imposing globalism on the US by fiat Simultaneously they are weaving a tangled web of treaties and trans national organizations like the International Criminal Court and the Kyoto Treaty to gradually ensnare and destroy our nation They must be stopped This is the book to do it     Yearbook of the United Nations United Nations,1947 Issue for 1946 47 includes a summary of the organization s activities from its inception to July 1 1947     UN Millennium Project: Environment and human well-being ,2005     *Annual Review of United Nations Affairs* Clyde Eagleton,2004 Contains the proceedings of the 1st Institute for Annual Review of United Nations Affairs New York University 1949     **The Parliamentary Debates (Hansard)**.
