### 1. FCC:

**NOTE:** This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

Reorient or relocate the receiving antenna.

Increase the separation between the equipment and receiver.

Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

Consult the dealer or an experienced radio/TV technician for help.

### 2. User Setup

Congratulate on buying one of the successful products from Remotec Technology Ltd. BW2101 is a two buttons, direct replacement for the digital radio transmitters from many brands. The following steps will help you setup the garage door opener.

a) Unscrew the top cover and open up the unit, one should see the features as illustrated below. Button Door1 and Door2 can be configured independently to simulate different brands of garage door opener. This allows you to work with different brands of receiver with only one transmitter.

Switches A to D is for selecting manufacturer of your receiver. The table below summarizes the settings that you need to configure your transmitter.
