*Metal Detecting for Beginners and Beyond* Tim Kerber, 2014-08-11 This was a very informative book The initial excitement we had when we purchased the detector has been re ignited Nuggiepup Amazon Reviewer This exceeded my expectations Even with 4 years of detecting experience I learned quite a few very valuable tips and resources It was a bit of a whim purchase but it was exceptional No regrets with this purchase Mark in Massachusetts You are surrounded by valuables buried all around you Estimates are there are more coins IN the ground than above the ground In addition to valuable old coins there is valuable jewelry interesting relics and so much more This book is going to help you not only get up and running as quickly as possible with a metal detector but will help make you an excellent detectorist Over 240 pages and accompanying photos will dramatically shorten the learning curve when it comes to metal detecting The tips and techniques you will have available to you will help quickly improve your success rate It starts with the basics equipment choices if you don t have a machine yet and quickly gets into specific tactics to maximize the success you will have regardless of what detector you are using It has the need to know information to help you that would normally take you years to discover on your own There is also a robust list of resources for your reference for more indepth learning if you want This is an excellent investment to make sure you are getting the most out of your time using a metal detector There will bound to be quite a few aha moments and nuggets of information shared Good luck and happy hunting

*Metal Detector Guide for Beginners and Dummies* Aaron Nelson Ph D, 2021-02-25 Ever since the great Gold Rush of the 1800s people have been fascinated with the idea of finding hidden treasures underground In fact it has caught on so widely that metal detecting is now considered a legitimate hobby Those who practice it are known as metal detectorists Metal detection is not only practiced as a hobby In fact it has been proven to be highly useful in several other areas such as archeology forensic police investigations and even military purposes

*Street Metal Detecting* Rosie O'Kelly, 2021-05-14 This book is the kick in the pants the hobby of metal detecting desperately needs today It doesn t waste time teaching you about your detector That s not its job It s far beyond that It s a plain written straightforward guide to rewarding metal detecting I wish existed when I first began detecting years ago It s the perfect gift not only for the new metal detectorist but also the experienced metal detector who has grown bored and frustrated with the hobby This work will drill down on where and HOW you should spend your time metal detecting today Truth be told metal detecting in 2021 is so much different than that of even ten years ago The battlefields of today are barren The parks and schoolyards are well and truly hunted out And I am one of the rare few who dares to tell you this Hunt these places today and you are wasting your time There I said it Yet our hobby mopes along as if we are living back in the 50 s with loads of silver coins and jewelry there for the taking Sorry but the Leave it to Beaver world that existed then ain t the hard scrabble world of today Old school methods and approaches are outdated and don t give you any leg up much less any useable knowledge to undertake metal detecting in an exciting and profitable way today You can however be an early pioneer

and open your eyes to a novel way of metal detecting one which can both help you start the hobby right or reinvigorate a hobby which has become downright boring Tired of digging clad coins chewed up pennies and cheap costume jewelry So was I Out of mad frustration one day I tried something which blew me away and gave me instant rewards Actually the results of the first hunt plain stunned me I have pursued this method of metal detecting now for a few years refined it and finally decided to share it with others It is a truly a new frontier It offers rewards enough to make me excited every time I go out I couldn't say that five years ago What is this Street metal detecting This guide will tell you about my experiences and show you with pictures some of the incredible items I have recovered More than this it will instill in your mind the foundations of why my approach to detecting today is so amazing It also explains how you should do street detecting step by step This includes where to detect the proper method and example after example all drawn from my experiences impressing on you why this is the single best way to metal detect today By the end you will know what I tell you is grounded in reality and a philosophy As a result you will adopt it and change your metal detecting forever If I could drag you with me on one of my hunts I doubt you would ever go back to a park or schoolyard Yes I feel that strongly about what's contained in this manual Yes you will read about some of the risks but in this book I teach you how to mitigate them and even use them to your advantage Put another way this is no pie in the sky read which promises much and produces little I am not a sales rep for detector manufacturers telling you to buy the latest most expensive detector if you want to succeed In my approach even the cheapest metal detector made will when following my guidelines and suggestions yield amazing finds This hobby needs a do over and I think this book at least kick starts the process Again to me if this guidebook was available to me as a raw beginner I would have been eternally grateful As for specifics you will learn the right way to street detect as well as the perils of doing it wrong I pull no punches here but deal in plain logic and facts It is a different world street detecting and there are some risks But with any worthwhile undertaking increased risk is usually commensurate with greater rewards This is 2021 folks The world has changed but metal detecting has neither recognized nor has it adapted to the realities of the challenges facing the hobby today

this captivating hobby that connects you to the past and the stories waiting to be discovered. [Metal Detecting For Beginners](#) John Tanner, 2024-12-14 Metal detecting is an exciting and rewarding hobby that allows enthusiasts to explore the outdoors while discovering hidden treasures. Whether you're searching for old coins, jewelry, or artifacts, metal detecting combines the thrill of adventure with the satisfaction of finding something valuable. For beginners, it's essential to start with the basics: choosing the right metal detector, understanding how it works, and learning the best techniques for searching different environments. With the right tools and a little patience, anyone can begin their journey into the world of metal detecting. When starting out, it's important to select a metal detector that suits your needs and budget. Beginners should look for a lightweight, user-friendly model that offers good depth detection and discrimination features, which help distinguish between valuable metals and trash. Many detectors come with adjustable settings for ground balance, which is crucial for different terrains. Additionally, it's advisable to familiarize yourself with the detector's controls and practice in a controlled area, like a backyard or local park, before heading into more challenging locations like beaches or old hunting grounds. Metal detecting is not just about finding treasures; it's also about exploring history. Many areas are rich in historical significance, and metal detectors can uncover relics from the past, such as coins, military artifacts, or personal items lost long ago. Beginners should also familiarize themselves with local laws and regulations regarding metal detecting to ensure they are compliant. By joining a community of metal detectorists, beginners can share tips, find new locations, and enjoy the social aspect of the hobby while learning and growing in their newfound pursuit.

*Metal Detecting Concise Guide* Donald Hickey, 2020-08-17 **LOOKING FOR A METAL DETECTING BEGINNERS GUIDE TO MASTER NEW TIPS** As human beings are obsessed with treasure, the act of finding things and claiming them to be ours is ingrained in our DNA. Wars have been fought for treasures; people have died searching for treasure, and to this day, the hunt continues. Now we're not talking about going to war with your neighbour over treasures; now what we are going to talk about are metal detectors. Metal detectors are things that everyone has heard about: the one for finding treasure, and we will look closely at what it is and what it can do.
