Modern Auditing and Assurance Services, Google eBook Philomena Leung, Paul Coram, Barry J. Cooper, 2012-02-02

Modern Auditing and Assurance Services 5th edition has been thoroughly updated in accordance with the Clarity Auditing Standards and presents a current and thorough coverage of audit and assurance services. The increased focus on contemporary audit practice including professional ethics and ethical competence governance and professional independence and changes in legal liability for the audit profession will equip students with the necessary knowledge and skills required by the profession.

Modern Auditing & Assurance Services Leung, Robyn Cameron, 2011. This study guide is designed to complement and reinforce students' understanding of auditing and its principles. The chapter sequence follows Modern Auditing Assurance Services 5th edition by Leung, Coram, Cooper and Richardson. For each chapter, the study guide contains chapter highlights, true/false questions, multiple choice questions, review questions. A section on effective studying tips in auditing is included. This section provides useful tips on how to take notes and study for exams. The benefits of using the study guide are that it provides additional material and guidance for working through auditing procedures and processes, tests students' knowledge of the auditing function and principles, is ideal for independent study and examination preparation, and provides suggested solutions at the end of each chapter.

Modern Auditing and Assurance Services Philomena Leung, Paul Coram, Barry J. Cooper, 2007. On 1 May 2006, the Auditing and Assurance Standards Board (AUASB) introduced a series of new legally enforceable Australian Auditing Standards (ASAs) effective 1 July 2006. Corporate collapses over the last five years and subsequent criticisms of the audit role have necessitated a review of the existing auditing standards to ensure audit quality, return stakeholder confidence in the reputation of the audit process, and reinstate to the profession the core audit qualities of reliability, transparency, trust, and integrity. Modern Auditing and Assurance Services 3rd edition reflects the latest developments in the profession, detailing the audit procedures under the 35 legally enforceable ASAs. Further, this edition has been thoroughly revised to present a current coverage of the auditing environment, the increased focus on professional ethics and ethical competence governance and professional independence, changes in legal liability for the audit profession, local and international regulatory developments, whilst continuing to provide a thorough analysis of contemporary audit practice as well as significant consideration of assurance services beyond the traditional audit.

**NEW TO THIS EDITION**

Inclusion and explanation of the requirements under the new legally enforceable Australian Auditing Standards (ASAs). These standards are closely aligned with international auditing standards, which are also included in the text for courses that offer an international perspective. The new Code of Ethics for Professional Accountants released by the Accounting Professional and Ethical Standards Board (APESB) is thoroughly discussed and integrated with auditors' legal requirements. Increased coverage of audit independence and legal liability with reference to the most recent legislative changes, including the Corporate Law Economic Reform Program (Audit Reform and Corporate Disclosure) Act 2004. Full incorporation of the business risk approach.
