Journey For Retribution:

Plato and the Mythic Tradition in Political Thought Tae-Yeoun Keum, 2020-12-08 Winner of the Gustave O Arlt Award in the Humanities Winner of the Istvan Hont Book Prize An ambitious reinterpretation and defense of Plato's basic enterprise and influence arguing that the power of his myths was central to the founding of philosophical rationalism Plato's use of myths the Myth of Metals the Myth of Er sits uneasily with his canonical reputation as the inventor of rational philosophy Since the Enlightenment interpreters like Hegel have sought to resolve this tension by treating Plato's myths as mere regrettable embellishments irrelevant to his main enterprise Others such as Karl Popper have railed against the deceptive power of myth concluding that a tradition built on Platonic foundations can be neither rational nor desirable Tae Yeoun Keum challenges the premise underlying both of these positions She argues that myth is neither irrelevant nor inimical to the ideal of rational progress She tracks the influence of Plato's dialogues through the early modern period and on to the twentieth century showing how pivotal figures in the history of political thought More Bacon Leibniz the German Idealists Cassirer and others have been inspired by Plato's mythmaking She finds that Plato's followers perennially raised the possibility that there is a vital role for myth in rational political thinking **Frieren: Beyond Journey's End, Vol. 11**

Bible Studies: The prophecies of Ballaam Marcus Moritz Kalisch, 1877 Greater Magadha Johannes Bronkhorst, 2013-01-01 Greater Magadha roughly the eastern part of the Gangetic plain of northern India has so far been looked upon as deeply indebted to Brahmanical culture Religions such as Buddhism and Jainism are thought of as derived in one way or another from Vedic religion This belief is defective in various respects The book argues for the importance and independence of Greater Magadha as a cultural area until a date close to the beginning of the Common Era In order to correct the incorrect notions two types of questions are dealt with questions pertaining to cultural and religious dependencies and questions relating to chronology As a result a modified picture arises that also has a bearing on the further development of Indian culture The book is arranged in five parts Part I describes cultural features of Greater Magadha under
