Roman Virtue in the Early Christian Thought of Lactantius Jason M. Gehrke, 2025 Known since the Renaissance as the Christian Cicero Lucius Caecilius Firmianus Lactantius d 324 A D was a professor of Latin rhetoric Christian apologist and theologian at Constantine s court Writing in response to Diocletian s persecution he attempted a complete synthesis of third century Latin Christian thinking about theology ethics and political order This work explores the character and quality of that synthesis in his major work *The Divine Institutes of the Christian Religion* by focusing on the core notion of *virtus* The early chapters explore the socio political Chapter 1 and philosophical traditions that informed arguments about *virtus* in classical Roman Chapter 2 and early Latin Christian writers especially Tertullian Minucius Felix and Cyprian Chapter 3 **And Taking Bread ...** Mahlon H. Smith, 1978 **Creation - Transformation - Theology** LIT Verlag, 2022-01-02 The social and cultural challenges posed by the increasing threat to creation climate change destruction of biodiversity etc are the starting point for new philosophical ethical and theological reflections on the relationship between God human beings and the world as presented in this volume God s creative impulse which transforms anew is at work in the actions of human beings and challenges us in view of the threat to the house of life earth to go new ways that make a common and good life possible Creation and transformation are interrelated an ecological theology of creation and practice of sustainability to be developed in the European context is to be embedded in the horizon of a global liberating theology Prof Dr Dr h c Margit Eckholt professor of dogmatics and fundamental theology at the Institute of Catholic Theology University of Osnabr ck president of the European Society for Catholic Theology *A Companion to North Africa in Antiquity* R. quotations this book defies the traditional perception of Eusebius as being a mere compiler and nuances the manner in which his presentation of the relation between Judaism and Christianity is often seen This study will be very useful to readers interested in the reception of Jewish texts in Christian literature in the relations between Judaism and Christianity and in Christian apologetics This translation was made possible through a generous grant from the Fondation Universitaire in Brussels www.fondationuniversitaire.be Paroles d'Apollon Aude Busine, 2005-12-01 This book deals with the making and the reuses of the divine words which were ascribed to Apollo from the 2nd to the 6th centuries AD and which have now become available in both epigraphical and literary sources The larger part has been issued by the sanctuaries of Claros and Didyma This comprehensive and historical approach analyses the oracles of Apollo according to the various contexts ancient authors used to resort to the sacred words The first part of the book examines in the context of the Graeco Roman city states the oracular texts in relation to the sanctuaries where they had originally been produced The second part explores the different ways in which the Apollinian oracles were reappropriated by pagan and Christian authors for philosophical polemical and apologetic purposes This study of the sacred texts reveals in an original manner the cultural political and religious life of pagans and Christians in the Roman Empire **Origene e la tradizione Alessandrina** Lorenzo

Livingstone, 1979 Regnum Caelorum Charles Evan Hill, 1992 Did the early Christians believe that the righteous went to heaven at death or did they believe a subterranean refreshment awaited the saints Did most Christians look for a millennium on earth a thousand year glorious reign of Christ to ensue upon his second coming and to precede the last judgement or did they cling to the hope that Christ would judge the world and distribute eternal rewards immediately upon his return By demonstrating the links between global and individual notions of eschatology in the period from the New Testament to Dionysius of Alexandria mid third century AD Dr Hill reveals two competing patterns of teaching which vied for acceptance in the fledgling church He challenges many long held assumptions about the eschatology of the period and in doing so brings greater definition to our picture of the beliefs and longings of the early Church Aufstieg und Niedergang der römischen Welt: Principat. v Hildegard Temporini, Wolfgang Haase, 1972
