## **Leonard Cohen Popular Problems:**

*Leonard Cohen: Popular Problems (PVG)* Wise Publications, 2014-11-17 Popular Problems is the thirteenth studio album by legendary singer songwriter Leonard Cohen. This matching songbook features all of the songs from the album arranged for Piano Vocal and Guitar. Released a day after his 80th birthday to wide critical acclaim, Leonard Cohen's thirteenth album is a dark and understated work featuring Cohen's distinctive poetic lyrics and bluesy instrumentation. A throwback to those dark American dive bars where the smell of smoke and whisky blends with the sounds of a deep and croaky voice, this Popular Problems songbook is perfect for the Leonard Cohen fan, the singer songwriter looking to learn from a master, or just someone who loves great music by a great musician.

**The Late Voice** Richard Elliott, 2017-05-18 Popular music artists as performers in the public eye offer a privileged site for the witnessing and analysis of ageing and its mediation. The Late Voice undertakes such an analysis by considering issues of time, memory, innocence and experience in modern Anglophone popular song and the use by singers and songwriters of a late voice. Lateness here refers to five primary issues: chronology, the stage in an artist's career, the vocal act, the ability to convincingly portray experience afterlife, posthumous careers made possible by recorded sound, retrospection, how voices look back or anticipate looking back, and the writing of age, experience, lateness and loss into song texts. There has been recent growth in research on ageing and the experience of later stages of life, focusing on physical health, lifestyle and psychology, with work in the latter field intersecting with the field of memory studies. The Late Voice seeks to connect age, experience and lateness with particular performers and performance traditions via the identification and analysis of a late voice in singers and songwriters of mid-late twentieth century popular music.
