Conference, 2008 The Fourth Crusade 1201-1204 launched to restore Jerusalem to Christian control veered widely off course finally landing at Constantinople which it conquered and sacked The effects of the crusade were far reaching during the Middle Ages and remain powerful even today which explains the continued vibrancy of its historiography This volume based on studies presented at the Sixth Conference of the Society for the Study of the Crusades and the Latin East in Istanbul Turkey in 2004 represents some of the best new research on this subject These essays help to place the Fourth Crusade within the larger context of medieval Mediterranean history as well as larger issues such as agency accommodation and memory that inform new aspects of modern historiography *Les Livres disponibles* ,2003 La liste exhaustive des ouvrages disponibles publiés en langue française dans le monde La liste des éditeurs et la liste des collections de langue française *A Chivalric Life* Jacques de Lalaing, 2022 First English translation of the chivalric biography of the foremost knight of the late

Middle Ages Jacques de Lalaing c 1421-53 was undoubtedly the most famous knight at the court of the Burgundian duke Philip the Good one who was celebrated in his own lifetime for the dazzling feats of arms that he performed in jousts across Europe during the 1440s Serving the duke first as a councillor and ambassador to launch a new crusade and then as a fearless military leader on a campaign to put down a revolt by the town of Ghent Lalaing tragically met his death at the siege of Poëlle at a relatively young age The chivalric biography of Lalaing written in the early 1470s offers an entertaining and informative account of the life of a late medieval knight Drawing on a variety of sources it was designed not only to commemorate Jacques's deeds for posterity but also to encourage other young noblemen to imitate his shining example with lavishly illuminated copies being made for members of his own family and other noble readers This first English translation of the text accompanied by an introduction and extensive notes based on new research into both archival and literary sources aims to offer the reader an in-depth portrayal of Lalaing in the context of the chivalric dynastic and political culture of his day
