Metamorphosis by Annotated Edition Franz Kafka, 2021-02-11 Kafka wrote The Metamorphosis in 1912 the year he felt his creativity finally taking a definite form It was one of fairly few works Kafka was to publish in his lifetime In 1913 he turned down an offer to publish the story possibly because he was saving it for a book he was planning called *Sons* A year later he sent the book to a friend who was prevented from publishing it by his conservative editors Finally The Metamorphosis appeared in print in 1915 after Kafka asked a

publisher to put it out in a very unusual display of concern for publication The writing process on this novel was laborious taking three weeks in November and December and the final product turned out to be the longest work Kafka ever completed in his life The novel is clearly highly autobiographical in its content To shed some light on the driving themes we should make a brief examination of Kafka s life his beliefs and his ideas on writing The actual conditions of his life especially his family life are certainly a model for the family interactions of the novel and the form of the story comes from Kafka s watching of a play
