Kuby Immunology 7th Edition :

Kuby Immunology Jenni Punt, Sharon Stranford, Patricia Jones, Judy Owen, 2018-10-16 Janis Kuby's groundbreaking introduction to immunology was the first textbook for the course actually written to be a textbook. Like no other text, it combined an experimental emphasis with extensive pedagogical features to help students grasp basic concepts. Now in a thoroughly updated new edition, *Kuby Immunology* remains the only undergraduate introduction to immunology written by teachers of the course. In the Kuby tradition, authors Jenni Punt, Sharon Stranford, Patricia Jones, and Judy Owen present the most current topics in an experimental context, conveying the excitement of scientific discovery and highlighting important advances, but do so with the focus on the big picture of the study of immune response, enhanced by unsurpassed pedagogical support for the first-time learner. Punt, Stranford, Jones, and Owen bring an enormous range of teaching and research experiences to the text, as well as a dedication to continue the experiment-based pedagogical-driven approach of Janis Kuby. For this edition, they have worked chapter by chapter to streamline the coverage to address topics that students have the most trouble grasping and to continually remind students where the topic at hand fits in the study of immunology as a whole.

Clinical Immunology and Serology Christine Dorresteyn Stevens, Linda E. Miller, 2016-11-17 Here's the must-have information you need to understand the essential principles of immunology and to master the serology techniques most commonly used in the laboratory. Easy-to-read, student-friendly coverage focuses on the direct application of theory to clinical laboratory practice, preparing you for the real world in which you will practice. *Clinical Immunology and Serology* Christine Dorresteyn Stevens, Linda E.
