Academic Autoethnographies Daisy Pillay, Inbanathan Naicker, Kathleen Pithouse-Morgan, 2016-02-10 Academic Autoethnographies Inside Teaching in Higher Education invites readers to experience autoethnography as a challenging complex and creative research methodology that can produce personally professionally and socially useful understandings of teaching and researching in higher education The peer reviewed chapters offer innovative and perspicacious explorations of interrelationships between personal autobiographies lived educational experiences and wider social and cultural concerns across diverse disciplines and university contexts This edited book is distinctive within the existing body of autoethnographic scholarship in that the original research presented has been done in relation to predominantly South African university settings This research is complemented by contributions from Canadian and Swedish scholars The sociocultural educational and methodological insights communicated in this book will be valuable for specialists in the field of higher education and to those in other academic domains who are interested in self reflexive transformative and creative research methodologies and methods This book illuminates how autoethnography can engage authors and researchers from varied epistemological backgrounds in a reflexive multilogue about who they are and what they do The creative representations of the lived experience of doing autoethnography sets the book apart both methodologically and theoretically revealing how rigor and critical distance can serve to position autoethnography not only as a personal self development tool but a tradition and method in its own right Hyleen Mariaye Associate Professor Mauritius Institute of Education Mauritius This compelling book foregrounds autoethnography as an innovative and creative research methodology to generate reflexive sociological understandings of teaching and researching across disciplines in higher education Rich evocative and authentic accounts reveal unique possibilities for the transformation of teaching learning and research at personal professional and socio cultural levels Nithi Muthukrishna Professor Emerita University of KwaZulu Natal South Africa

Proceedings of the 10th Focus Conference (TFC 2023) Manyane Makua, Mariam Akinlolu, Mashango Sithole, Phiwayinkosi Gumede, Cebo Nyondo, Ntombikhona Khuzwayo, Mandlenkosi Mhlongo, 2023-11-03 This is an open access book The 2023 Focus Conference will focus on Goal Four Quality Education of the United Nations UN Sustainable Development Goals SGD Goal Four is seized with providing equal access for all women and men to affordable and quality technical vocational and tertiary education including university Quality education in this context means the ability to function provide and derive value in society The theme of the conference is therefore coined as The Role of Higher Education in the Attainment of Sustainable Quality Education Through this theme the conference will provide a space for participants to share practical knowledge experiences and possible solutions to the myriad of problems that confront the higher education sector Universities are often thought of as ivory towers far removed from the realities that confront global societies To compound this higher education is increasingly being questioned for its relevance in providing practical and innovative solutions to existing societal problems

Such questions often navigate around the relevance of the academic programmes being offered curriculum the capacity of staff employability of graduates and generally the ability of these institutions to understand why they exist Indeed higher education s role in creating a sustainable future will presumably take on greater importance as the world continues to become increasingly globalised and interdependent ECEL 2019 18th European Conference on e-Learning Rikke Ørngreen,Bente Meyer,Mie Buhl ,2019-11-07 On Our Own Terms Leith Mullings,2014-05-12 This volume utilizes the cross cultural historical and ethnographic perspective of anthropology to illuminate the intrinsic connections of race class and gender The author begins by discussing the manner in which her experience as a participant observer led her to research and write about various aspects of African American women s experiences She goes on to provide a critical analysis of the new scholarship on African American women and explores issues of race class and gender in the arenas of work kinship and resistance **Student Technology Guide** Northern Virginia Community College,2000* **The New Student Guide, University of Virginia** University of Virginia.
