Epson HX-20 portable computer E. Balkan,2012-12-06 Why this book Other than the fact that I like writing about
computers more than just about anything else this book fills several real needs No matter how many manuals a computer
manufacturer puts out to accompany a syste and some of Epson America s are very good not everything can be covered This
book fills in the gaps This book is unbiased having been written independently of Epson So I won t be telling you to drop
everything and run out to buy an HX 20 The HX 20 is good for some uses not so good for some others This book is a guide to
out of the machine and or pointing you towards a different getting the most machine that might better suit your needs At the
start of this project I had to decide who was my target audience novices experts or those in between Because HX 20 owners
and prospective owners don t fall into neat categories I tried to cover all the bases Or at least as many as possible As with
any attempt to do everything I didn t always succeed But I did succeed in providing at least something for everyone For those
who haven t yet bought a portable or are unsure if buying an HX 20 was the right move there are descriptions of 20 other
portables on the market For those who have used other computers before there s information on how Epson BASIC differs
