In addition to the instructional pacing below, HMH recommends one day for the Growth Measure assessment, three times per year.

Using these recommendations, the total suggested pacing for Grade 6 is 161 days. Teachers can adjust to provide additional work in fluency practice, reteaching, challenge activities, and/or project-based learning tasks.

"One day" is equal to one instructional period in a traditional schedule and needs to be adjusted to account for longer class periods in a block schedule.
