The Mentor Jay Quinn, 2000. This intelligent work, a 2001 Lambda Literary Foundation Gay Male Biography Autobiography Award finalist, is a personal narrative that considers the social, religious, and emotional aspects of growing up as a Southern gay male. The author describes how gay men develop close bonds or a family of choice rather than a family of blood that provides a nurturing environment thought by many only to occur in a heterosexual context. Students, teachers, and anyone interested in gay studies and experiences will find *The Mentor* a captivating and honest look into the challenges of growing up gay through the context of firsthand experiences, revelations, and realizations.

I Am Enough James Fink, 2021-11-28. *I AM ENOUGH: A Gay Guy's Truths* is the memoir of the author James A. Fink, a father of four. He was only 15 years old when his first baby was on the way, with the mother being thirteen years his senior. Since 2011, after his full self-discovery, he has been an out gay man. Within his memoirs are stories of how he perceived coming out in contrast to the stark reality. His memories from childhood to his teen years, including his sexual growth and discovery. The stories of how he found himself and was able to come out to his wife and children. One man's story about handling life changes, self-acceptance, and personal growth on an extraordinary level.

Loving Mountains, Loving Men Jeff Mann, 2023-08-22. A gay man chronicles his relationship to his native Appalachian culture and society. Appalachians are known for their love of place, yet many LGBTQ people from the mountains flee to urban areas in search of community and broader acceptance. Jeff Mann tells his story as one who left and then returned, who insists on claiming and celebrating both regional and sexual identities. In memoir and poetry, Mann describes his life as an openly gay man who has remained true to his mountain roots. Mann recounts his upbringing in Hinton, a small town in southern West Virginia, as well as his realization of his homosexuality, his early encounters with homophobia, his coterie of supportive lesbian friends, and his initial attempts to escape his native region in hopes of finding a freer life in urban gay communities. Mann depicts his difficult search for a romantic relationship, the family members who have given him the strength to defy convention, his anger against religious intolerance and the violence of homophobia, and his love for the rich folk culture of the Highland South. His character and values shaped by the mountains, Mann has reconciled his sexuality with both traditional definitions of Appalachian manhood and his own attachment to home and kin. *Loving Mountains, Loving Men* is a compelling universal story of making peace with oneself and the wider world.
