Counseling Gifted Students Susannah M. Wood, Jean Sunde Peterson, 2017-12-05 Drs Susannah Wood and Jean Peterson have combined forces to move the field of school counseling forward in its work on behalf of gifted students This subtle regularizing into appropriate school counseling practice is actually quite radical as it makes it clear that the time has passed to consider whether we should be concerned with the nature and needs of students with gifts and talents but rather need to move to serving them as a requirement of our profession And fortunately for all of us the authors provide a clearly articulated roadmap for helping us live up to our professional responsibilities Tracy L Cross Ph D Created to fill a gap in both counselor education and gifted education this is the only up to date text to provide a concise and practical overview of counseling services designed specifically for gifted and

talented students Grounded in the American School Counselor Association ASCA National Model for counseling programs the book illuminates specific knowledge awareness and skills school counselors need to address concerns related not only to academics but also to social and emotional development of this population The text delivers a theoretical and practical overview of gifted and talented education in the United States and the responsibilities of school counselors as they pertain to this unique population Going well beyond the common call to provide academic challenge the book considers special characteristics of gifted and talented students as it examines the complexities of career development college readiness and concerns related to social and emotional development It discusses how counselors can advocate for gifted students lead efforts to match programming and needs and collaborate with school staff and families Vignettes depicting critical incidents and epitomizing needs are used to illuminate differentiated counseling approaches that support this student population Each chapter highlights a key concept and curriculum guidelines and resources for professional development support the text KEY FEATURES Interweaves school counseling and gifted education research and practice Considers characteristics and counseling concerns associated with giftedness Is based on the ASCA model for counseling programs Examines the complexities of career development college readiness and social emotional development in this population Highlights key concepts and includes vignettes of critical incidents *El-Hi Textbooks & Serials in Print*, 2003 ,2003 Handbook of Gifted Education Nicholas Colangelo,Gary A.
