## **Namibia Conquest To Independence Formation Of A Nation:**

**Namibia** Godfrey Mwakikagile, 2015 The author looks at how Namibia was founded as a German colony known as Deutsch S dwestafrika German South West Africa and how it evolved into a nation He explains how it was founded on brutal suppression of the indigenous people including extermination of large numbers of some groups and how on becoming a colony of South Africa its people continued to be subjected to brutal treatment by the white minority rulers who denied them racial equality The author also focuses on the liberation struggle against apartheid and how the country won independence from apartheid South Africa He also looks at how the leaders of the new nation are trying to build the country and construct a national identity on the basis of unity in diversity It is an analysis of identity formation at the national level and consolidation of the state whose relevance is continental in scope studies of other African countries in their quest for unity and construction or reconstruction of their national identities during the post colonial era can benefit from this work It is also a work of comparative analysis in terms of nationhood in the African context and how Namibia and Tanzania two case studies have sought to construct their national identities the obstacles they have faced and continue to face in the quest for national unity especially in the case of Namibia and why Tanzania has been more successful than most countries on the continent in building a cohesive society where tribalism is virtually non existent enabling it to consolidate its unity and national identity The author also looks at the concept of national character and its relevance to national identity formation and why the national identities of different African countries are weak and what can be done to address the problem It is also an introductory text which may be helpful to some people who are going to Namibia for the first time although it is essentially a scholarly work intended for members of the academic community and specialists in some fields dealing with this southwest African country and its people But members of the general public who want to learn more about Namibia may also find the book to be useful *Namibia: A General Introduction* Willie Seth, A simple introduction to Namibia and its people providing basic facts about the country and its different ethnic and racial groups which collectively constitute one nation **The**

**African Liberation Struggle** Godfrey Mwakikagile, 2018-05-06 This work focuses on the liberation struggle from the 1960s to the 1990s in the countries of southern Africa to end white minority rule The author writes from personal experience When the Organisation of African Unity OAU was formed in Addis Ababa Ethiopia in May 1963 Tanganyika now Tanzania was chosen to be the headquarters of the OAU Liberation Committee All the African liberation movements went on to open their offices in Tanzania s capital Dar es Salaam Many refugees fleeing oppression in the countries of southern Africa also went to live in Tanzania The author was a young news reporter in Dar es Salaam in the early seventies and got the chance to know some of the freedom fighters and their leaders who were based there during those days He also interviewed a number of them and has provided an additional perspective to his work as a primary source of some of the material included in his book It was one of the most important periods in the history of post colonial Africa Most countries on the continent had won

independence by 1968 The toughest struggle was in the few strongholds of white minority rule in the southern part of the continent and in the Portuguese colony of Guinea Bissau Cape Verde in West Africa which finally ended in victory As President Nyerere once said Throughout history nationalist struggles have had one end victory

**Heritage Language Policies around the World** Corinne A. Seals, Sheena Shah, 2017-09-18 Heritage language policies define the context in which heritage languages are maintained or abandoned by communities and this volume describes and analyzes international policy strategies as well as the implications for the actual heritage language speakers This volume brings together heritage language policy case studies from around the world foregrounding globalization by covering five regions the Americas Europe Africa Asia and Australasia The countries profiled include the United States Canada Argentina Norway Sweden Ireland Uganda Namibia Morocco Japan South Korea Singapore New Zealand Australia and Fiji This volume also highlights an expanded definition of heritage language choosing to focus on individual and community identities and therefore including both Indigenous and immigrant languages Focusing specifically on language policy relating to heritage languages the chapters address key questions such as Are heritage languages included or excluded from the national language policy discourse What are the successes and shortcomings of efforts to establish heritage language policies What is the definition of heritage language in official usage by the local regional government and stakeholders How are these language policies perceived by the actual heritage language communities

**Godfrey Mwakikagile: Biography of an Africanist** David Kyoso, 2017-12-29 This is a collection of biographical accounts and other writings about Godfrey Mwakikagile a writer from Tanzania and specialist in African studies Included are some autobiographical accounts The work complements his autobiographical writings to provide a broader perspective on him and his contribution to the study of post colonial Africa

**Africa in Transition: Witness to Change** Godfrey Mwakikagile, 2018-04-12 Godfrey Mwakikagile looks at the major changes Africa has gone through since the end of colonial rule including some of the events he witnessed in his home country Tanganyika later Tanzania since the late 1950s the dawn of a new era when Africa was headed towards independence One of the fundamental changes he looks at took place in the 1990s when most countries across the continent gradually moved from authoritarian rule to democracy although he contends that the gains made during that transitional period have not been consolidated and sustained through the years The majority of Africans still live under one form of authoritarian rule or another including outright dictatorship
