Research Anthology on Vocational Education and Preparing Future Workers Management Association, Information Resources, 2022-04-08 Many students across the globe seek further education for future employment opportunities Vocational schools offer direct training to develop the skills needed for employment New emphasis has been placed on reskilling the workforce as technology has infiltrated all aspects of business Teachers must be prepared to teach these new skill requirements to allow students to directly enter the workforce with the necessary competences intact As the labor market and industry are changing it is essential to stay current with the best teaching practices within vocational education courses to provide the future workforce with the proper tools and knowledge

The Research Anthology on Vocational Education and Preparing Future Workers discusses the development opportunities and challenges of vocational education courses and how to best prepare students for future employment. It presents the best practices in curriculum development for vocational education courses and analyzes student outcomes. Covering topics such as industry-academia collaboration, student satisfaction, and competency-based education, this major reference work is an essential resource for academic administration, pre-service teachers, educators of vocational education, libraries, employers, government officials, researchers, and academicians. Auditory-Verbal Therapy Warren Estabrooks, Karen

MacIver-Lux, Ellen A. Rhoades, 2016-05-30 Auditory Verbal Therapy For Young Children with Hearing Loss and Their Families and the Practitioners Who Guide Them provides a comprehensive examination of auditory verbal therapy (AVT) from theory to evidence-based practice. Key features: Detailed exploration of AVT including historical perspectives and current research that continue to drive clinical practice; Essential use of hearing aids, cochlear implants, and other implantable devices and additional hearing technologies in AVT; Goals of the AV practitioner and strategies used in AVT to develop listening, talking, and thinking; Effective parent coaching strategies in AVT; Blueprint of the AVT session; Step-by-step AVT session plans for infants, toddlers, preschoolers, and early school-age children; Critical partnerships of the family and the AV practitioner with the audiologist, speech language pathologist, physical therapist, occupational therapist, hearing resource teacher, and psychologist; Families' Journeys in AVT from 12 countries around the world. In AVT, parents and caregivers become actively engaged as their child's first and most enduring teachers. Following an evidence-based framework, Auditory Verbal Therapy For Young Children with Hearing Loss and Their Families and the Practitioners Who Guide Them demonstrates how AV practitioners work in tandem with the family to integrate listening and spoken language into the child's everyday life. The book concludes with personal family stories of hope, inspiration, and encouragement written by parents from twelve countries across the world who have experienced the desired outcomes for their children following AVT. This book is relevant to AVT practitioners, administrators, teachers of children with hearing loss, special educators, audiologists, speech language pathologists, psychologists, surgeons, primary care physicians, and parents.
