You will need

- a drawing board or flat surface
- soft pencils: brown, green, light blue, dark blue, turquoise, black, pink, grey, turquoise
- 1 sheet of paper (or a large sheet)
- a plastic bag or 1 painted paper
- masking tape or other tape

Soft pencils produce vibrant colors. They can be blended and layered to make a picture look like it has texture and depth. Follow these steps to make a picture of a boat reflecting in the water. We will use soft pencils to capture the true beauty of rippling water.

First, prepare your paper by taping it to a drawing board or flat surface. Use white tape or masking tape to do this. Keep your tape as straight as possible – this will create a border for your artwork.

Tip: If you're using masking tape, try making it to a different surface first to ensure it's allowed before using it on your paper.

Refer to the boat photo continuously while creating your artwork. Begin by blending in more colors: brown for the boat and its reflection, ochre, pink and light and dark blue for the water. Add your pencil on to add to each more color.
