

The Last Remnant Guide

The Last Remnant is like few JRPGs you've ever played. Huge, challenging and occasionally innovative, it places you in the role of a young man named Rush Sykes who is searching for his kidnapped sister, Irina. What begins as a simple family matter quickly evolves into much more, though, as Rush is joined by the leader of a young country looking to gain its independence while a magical war for possession of magical artifacts known as Remnants ravages the lands.

Whether you're looking to speed through the game in the shortest manner possible or to uncover the darkest secrets locked deep within this massive game, you made the right decision when you chose to consult this guide. The Last Remnant will always be a huge game and perhaps there will always be secrets left unknown, but with this file at your side you should be able to see Rush's adventure through from beginning to end without too much anguish along the way. Enjoy!
